NOTARY PUBLIC IN RHODE ISLAND

WHAT IS A NOTARY PUBLIC?

A Notary Public is an official of integrity commissioned to a four-year term by the Governor to serve the public as an impartial witness to the identity, comprehension, and intent of a person requesting a notarial act. Each act requires a notary to attest that certain formalities have been observed. Every notarial act affects the legal rights of others. A notary may be held personally responsible for improper, negligent or fraudulent acts.

JURISDICTION

Rhode Island Notaries Public may perform notarial acts anywhere within the boundaries of the State of Rhode Island.

They may NOT perform notarial acts outside of the State of Rhode Island.

Notarial practices in the State of Rhode Island are governed by RIGL 42-30.1 and the Standards of Conduct for Notaries Public in the State of Rhode Island and Providence Plantations.

NOTARY KNOWLEDGE ASSESSMENT

The Notary Knowledge Assessment is a multi-question tool available on our website to help notaries fulfill the requirement of demonstrating sufficient knowledge of the powers and duties of the Office of Notary Public. It is available on our website as well as in paper form. A score of 80% or higher demonstrates sufficient knowledge of the powers and duties of the Office. Notaries who receive a score of less than 80% are strongly encouraged to review the notary manual and if necessary, take the assessment again.

UPDATE OR CHANGE IN INFORMATION

Notaries are required to report updates or changes to their notary commission within 10 days of the change with the exception of updates to electronic notarization, which are to be reported within 5 days of the change. Changes or updates include name, business or residence address, employment information, telephone number(s), email address, use of electronic notarization technology or opting in or out of the notary public online city search listing.

COMMISSION RENEWAL

Approximately two months prior to the notary commission expiration date, a courtesy renewal notice is mailed to the notary's address of record with our office. The renewal application should be received in our office before the commission expiration date to maintain the same expiration day and month. Failure to return the renewal form before the expiration date will result in a new commission expiration date. Once the renewal application is processed, a new Commission Certificate for a four-year term will be issued and mailed to the notary. NOTE: Renewal applications will ONLY be processed two months prior to the expiration date.

It is the notary’s responsibility to inform the RI Department of State, Notary Section, of a change in their notary information. Failure to file the required Notary Public Information Update form (pg. 29) may result in non-delivery of the renewal notice.

RENEWING EXPIRED COMMISSIONS

A notary public’s appointment expires on the “commission expiration date” that appears on their Certificate of Appointment. Per RI General Law 42-30.1-15(g) “Every notary public appointed by the commissioning officer and not reappointed may continue to officiate for a space of thirty (30) days after the date on which his or her commission expires.” An individual whose commission has expired for more than thirty (30) days is no longer a notary public and cannot perform notarial acts.

A notary that submits a renewal application 30 days past their commission expiration date, is considered a new notary applicant for qualification purposes and must meet all new notary filing requirements. This includes demonstrating sufficient knowledge of the powers and duties pertaining to the office by taking the Notary Knowledge Assessment.

Once the notary returns the renewal application, the effective commission date will be the date the application is received by our office. As with most renewals, the notary will retain their original notary ID number.

RETURNED APPLICATIONS

An application may be returned to an applicant for error, incompleteness or for failure to meet a requirement. A returned application will be accompanied by correspondence identifying the reason for non-acceptance. It is the responsibility of the applicant to return the application to this office.

FORMS

All forms are located beginning on page 25.
NOTARY PUBLIC COMMISSION

The Secretary of the State’s office recommends that notaries display their certificates where they perform their notarial duties.

NOTARY PUBLIC COMMISSION CERTIFICATE

Each notary public is appointed by the Governor for a term of four years. The appointment is evidenced by a certificate bearing the notary’s name, the facsimile signature of the Governor and the Secretary of the State as well as the commission expiration date. Included with the certificate is a notary public pocket card with the notary’s name, expiration date and identification number. The certificate is evidence of the public office that the notary holds and should be kept in a safe place.

REPLACEMENT COMMISSION CERTIFICATE

If a notary’s commission certificate has been lost, damaged, or destroyed, a replacement certificate may be obtained by requesting in writing or calling the Notary Section.

RESIGNATION OR DEATH OF A NOTARY PUBLIC

A notary public who ceases to meet the qualification requirements of RIGL §42-30.1-15 or who becomes permanently unable to perform their notarial duties, should resign their commission.

A notary may resign their commission at any time by submitting a Notary Information Update Form.

Upon the expiration, voluntary resignation, or revocation of a commission, all notaries, as soon as is practical, must destroy or deface all seals or stamps so that they may not be used. If the notary public elected to use a “journal of notarial acts” as a matter of good practice, the notary should retain the journal and records for seven years after the expiration, resignation or revocation.

If a notary public dies during the term of their commission, the notary’s personal representative shall, as soon as possible after the death of the notary, notify the RI Department of State, Notary Public Section in writing that the notary has died and provide the date of death. The notary’s personal representative must destroy or deface the notary’s stamp to prevent its unauthorized use, as well as, preserve the notarial journal, if applicable, for a period of seven years as a matter of good practice.

(4) A finding against, or admission of liability by, the applicant or notary public in any legal proceeding or disciplinary action based on the applicant’s or notary public’s fraud, dishonesty, or deceit;

(c) The authority of the Commissioning Officer to deny, refuse to renew, suspend, revoke, or impose conditions on a commission as a notary public does not prevent a person from seeking and obtaining other criminal or civil remedies provided by law.

NOTARY FEES

Pursuant to the Standards of Conduct for Rhode Island Notaries.

A notary public may charge a fee not to exceed $5 per document/notarization; travel fees must be equal to or less than the then effective federal mileage rate as issued by the Internal Revenue Service. All fees must be posted in a conspicuous place in the notary's place of business or upon request, fees must be disclosed to any person utilizing the services of the notary.

FEDERAL AND MILITARY NOTARIAL POWERS

Pursuant to Title 10 of the United States Code §1044a, certain commissioned officers, enlisted and civilian personnel are authorized to serve as federal notaries. 10 U.S.C. §1044a grants general powers of notary public to:

- All judge advocates, including reserve judge advocates when not in a duty status;
- All civilian attorneys serving as legal assistance attorneys;
- All adjutants, assistant adjutants, and personnel adjutants, including reserve members when not in a duty status;
- For the performance of notarial acts at locations outside the U.S., all employees of a military department or the Coast Guard who are designated by regulations of the Secretary concerned or by statute to have those powers for exercise outside the U.S.;
- All other members of the armed forces, including reserve members when not in a duty status, who are designated by regulations of the armed forces or by statute to have those powers.
- All civilian paralegals serving at military legal assistance offices, supervised by a military legal assistance counsel (as defined in section 1044d(g) of this title).

Federal and American Consular officers also have limited notarial powers pursuant to the 22 U.S.C. 4221. A notarizing officer includes consular officers, officers of the Foreign Service who are secretaries of embassy or legation under Section 24 of the Act of August 18, 1856, 11 Stat. 61, as amended (22 U.S.C. 4221), and such U.S. citizen Department of State employees as the Deputy Assistant Secretary of State for Overseas Citizens Services may designate for the purpose of performing notarial acts overseas pursuant to section 127(b) of the Foreign Relations Authorization Act, Fiscal Years 1994-1995, Pub. L. 103-236, April 30, 1994 (“designated employees“). The authority of designated employees to perform notarial services shall not include the authority to perform authentications, to notarize patent applications, or take testimony in a criminal action or proceeding pursuant to a commission issued by a court in the United States, but shall otherwise encompass all notarial acts, including but not limited to administering or taking oaths, affirmations, affidavits or depositions.

Federal and military notarial powers include the administration of oaths and affirmations, administering acknowledgments and certifying copies.

## NOTARY STAMP

Rhode Island General Law requires the use of a notary stamp when notarizing documents. The stamp shall be in round (circular) or rectangular form with an edge border surrounding the required elements of the stamp. The stamp must include the notary’s name exactly as it appears on their commission, the words “NOTARY PUBLIC” and “RHODE ISLAND.” The stamp may also include the notary’s identification number and commission expiration date. A notary’s stamp is the exclusive property of the notary; it may not be used by any other person.

For notaries who have an embosser and wish to continue using it, they must render the seal with the ability to be photocopied and/or scanned. This may be accomplished through the use of a pre-inked seal highlighter. The highlighter is a round stamp pad that is used in conjunction with the embosser to make the embossed seal inked.

### REPORTING A LOST OR STOLEN NOTARY STAMP

Any notary public whose stamp is lost, misplaced, destroyed, broken, damaged, stolen or otherwise unworkable should immediately deliver written notice of that fact to the Rhode Island Department of State. If and when the notary’s stamp is recovered or replaced, written notice of the recovery or replacement should also be delivered immediately to the Rhode Island Department of State, Notary Division, 148 West River Street, Providence, RI 02904.

## JOURNAL OF NOTARIAL ACTS

National best practices also strongly suggest that all notaries should use a journal. Many notaries find that using a journal is a protective measure and a very beneficial tool. A journal should be a permanently bound book that creates and preserves a chronological record of performed notarial acts. RI general law does not mandate that notaries use a journal of notarial acts. Notaries electing to use a journal should as a matter of good practice, record the following per the RI Notary Public Standards of Conduct:

1. The date and time of the notarial act, proceeding or transaction;
2. The type of notarial act;
3. The type, title or a description of the document, transaction or proceeding. If multiple documents are signed by the same principal in the course of a transaction or during a single time (i.e.) real estate closings, mortgage discharges, state laboratory drug analysis certificates, etc.), a single journal entry shall be sufficient;
4. The signature, printed name and address of each principal and witness;
5. Description of the satisfactory evidence of identity of each person including:
   i. A statement that the person is “personally known to me;” or
   ii. A notation of the type of identification document, the issuing agency, its serial or identification number and its date of issuance or expiration;
   1. If the identification number on the document is the person’s Social Security number, instead of including the number, write in the words “Social Security number” or the acronym “SSN;” or
   iii. A notation if the notary public identified the individual on the oath or affirmation of a credible witness or based on the notary’s personal knowledge of the individual;
6. The fee, if any, charged for the notarial act; and

A notary public should record in the journal the circumstances for not completing a notarial act.
POWERS OF THE NOTARY PUBLIC

Notaries Public in RI may, within this state, perform the following notarial acts: acknowledgments, oaths and affirmations, jurats, signature witnessing, copy certifications, issuance of subpoenas and deposition of witnesses (the last two acts, should only be performed by persons having expertise in commercial transactions or by a stenographer).

It is crucial that a notary public demonstrate and have sufficient knowledge of the powers and duties pertaining to notaries public because a notary may be liable for losses that result from improper performance of their duties.

ELECTRONIC NOTARIZATION

An electronic notarization or notarial act means a notarization performed by a Rhode Island notary public who has registered to perform electronic acts on or involving an electronic record using a tamper-evident technology approved by the Rhode Island Department of State.

Notaries may apply to perform electronic notarizations at the time of application, at the time of renewal or by submitting the Notary Public Information Update form. Please refer to the State of Rhode Island Electronic Notarization Standards for procedures and specific requirements.

• In accordance with the provisions of RIGL 42-30.1-14, a notary public may perform electronic notarizations by selecting one or more tamper-evidence technologies approved by the Rhode Island Department of State.

• Prior to performing e-notarizations, the notary must register with the Rhode Island Department of State and identify the technology they intend to use.

• All requirements and elements of paper-based notarizations apply to electronic notarizations.

The liability, sanctions, and remedies of the improper performance of electronic notarial acts are the same as described and provided by law for improper performance of paper-based notarial acts.

NOTARIAL CERTIFICATES AND ACTS

A notarial certificate is a part of, or an attachment to, a notarized document that is completed by the notary public, bears the notary’s signature and seal and states the facts attested by the notary in a particular notarization. Except for Oaths and Affirmations, all notarial acts require a notarial certificate to be completed. There are 5 general notarial acts: acknowledgment, oath and affirmation, jurat, signature witnessing and copy certification. Notaries public should not affix their official signature or seal on a notarial certificate that is incomplete.

The sample notarial certificates provided by the commissioning agency are not intended to replace or supersede the existing forms commonly used in conveyances of real estate or other legal documents within the State of RI, and in particular, those forms of certificates for notarial acts approved by any committee of the RI Bar Association.

A notary public is not required to use these notarial certificates if another certificate is printed on the form that contains express prohibition against altering that form or if the form has an alternative certificate from another State if the document is to be filed or recorded in, or governed by the law of that other State.

NOTARIZING FOR A PERSON WITH POWER OF ATTORNEY
- If a signer indicates that they have power of attorney over the grantor the document should be signed as attorney-in-fact: for example, John Doe as attorney-in-fact for Betty Smith.
- It is strongly recommended as a best practice, that the notary verify the authority of the signer by requesting a copy of the power of attorney.
- Note the capacity of the signer in the notarial certificate.
SIGNER WHO IS DEAF

- Unless the notary and the signer are competent in sign language, they should communicate in writing.
- The notary should write a comment in their journal regarding how they communicated with the signer.

SIGNER WHO IS ILLITERATE

- The notary should read the document to the document signer before performing the notarial act.
- The notary should add a statement to the notarial certificate substantially similar to, “I certify that I read the document to (name of signer) prior to performing the notarial act.”

NOTARIZING AN OUT OF STATE DOCUMENT

RI notaries public may notarize an out of state document so long as the signer(s) personally appear before the notary and the document does not specifically state that the document must be notarized by a notary from that state. All other RI notarial procedures and laws must be followed by the notary public.

NOTARIZING A DOCUMENT IN A FOREIGN LANGUAGE

A notary public may notarize a document in a foreign language even if the notary does not understand the language of the document. However, the notarial certificate must be in English or other language the notary public reads and writes. The letters and characters in the document's signature and in any ID document presented must also be understood by the notary. It is important that the notary be able to communicate with the signer.

WILLS AND “LIVING WILLS”

A will is a document providing instructions for the disposition of a signer’s estate and finances after the signer’s death. A living will is a written statement of a signer’s wishes concerning medical treatment in the event the signer’s health condition prevents the individual from providing instructions on their own behalf.

Notarizing a will is a serious matter because of the importance and complexity of the document. Notaries should be careful when asked to notarize a will. A document presented to a notary as a will should be notarized only if clear instructions and the appropriate notarial certificates are provided to the notary. Performing a notarial act on its own does not make a will “legal” or “valid” and it is important that notaries do not offer any advice regarding preparation or the legal effects of a will. A notary may not determine what type of notarial act or certificate is needed for a will, even if asked to do so by the signer. Such questions should be referred to a qualified attorney.

A “living will” may be notarized in the standard manner. All practices required by law or RI Notary Public Standards of Conduct, such as the signer appearing in person before the notary and being positively identified, should be followed.

TRANSLATIONS

A notary public has no authority to certify translations. If a notary public has the ability to prepare translations of documents from one language to another, they may not notarize any documents that they themselves have translated. The accuracy of the translation can be made under oath, but the oath and notarial certificate must be completed by another notary, or by another person authorized to administer oaths. The notary cannot perform both acts in connection with the same document.
LESS COMMON NOTARIAL ACTS

Deposition of Witnesses

- A deposition is a signed transcript of an oral statement made by an individual (the “deponent”) for use in a legal matter.

- RI notaries public are empowered to take depositions of witnesses to be used in the trial of any civil suit, action, petition, or proceeding in which they are not an interested party, counsel, or the attorney of either party per RIGL § 9-18-1.

Issuance of Subpoenas

- A subpoena is an order that requires its recipient to appear before a court.

- RI notaries public are empowered to issue subpoenas to witnesses in any case, civil or criminal before any court, and in any matter before any body or person authorized by law to summon witnesses per RIGL § 9-17-3.

- Per RIGL § 8-8.2-4, notaries public are also empowered to issue subpoenas returnable before the traffic tribunal.

Protests & Protesting Bills of Exchange and Promissory Notes

- A protest is a certificate of dishonor under the hand and seal of a notary public.

- RI notaries public may act, transact, do, and finish all matters and things related to protests and protesting bills of exchange and promissory notes per RIGL § 42-30.1-2.

CASE STUDY: WHY IS PHYSICAL PRESENCE IMPORTANT?

Joan is a notary and owns a small service agency. Scott came into the office one day with a deed signed by his wife Susan and requested Joan to notarize her signature.

Susan was home sick, but Scott brought Susan’s driver’s license with him. At Scott’s suggestion and just to be on the “safe side,” Joan called Susan at home to verify her signature.

The woman identifying herself as Susan confirmed that she had signed the document voluntarily and wanted her signature notarized. Joan proceeded to perform the notarial act.

Should Joan have notarized Susan’s signature?

NO!

Now, for the real story...

Unknown to Joan, Scott was planning to divorce Susan and he wanted their home transferred to his name first. Scott forged Susan’s signature on the deed and took her driver’s license without her knowledge.

The woman that Joan spoke to on the phone was actually Scott’s girlfriend! The case ended up in divorce court and Susan was given her portion of the property.

The Governor’s Office revoked Joan’s notary commission and will not appoint her again as a notary. She now has a difficult time working in the service agency without a notary commission.
CONFLICTS OF INTEREST

A notary public should not notarize for family members as indicated below.

CONFLICTS

A notary public should not perform a notarial act if the notary public is a party to or is named in the document that is to be notarized, except that a notary may notarize a document if the notary is named in the document for the sole purpose of receiving notices relating to the document and except that a notary who is licensed as an attorney in the State of RI and is named as an executor, trustee or in any fiduciary capacity in a document, or employees of such attorney, may perform notarial acts concerning such document.

A notary public should not perform a notarial act if the notary public will receive as a direct result of the notarial act any commission, fee, advantage, right, title, interest, cash, property or other consideration exceeding in value the fees set forth in Section 4(3) of the Standards of Conduct for Notaries Public, or has any financial interest in the subject matter of the document. This section shall not preclude a notary who is licensed as an attorney in the State of RI or any employee of such attorney where the attorney receives a legal fee for professional legal services in connection with such document.

NOTARIZING FOR FAMILY MEMBERS

A notary public should not perform a notarial act for a spouse, domestic partner, parent, guardian, child or sibling of the principal, including in-law, step, or half relatives, except where such persons witness a will or other legal document prepared by the notary who is an attorney licensed in the State of RI.

NOTARIES WHO ARE EMPLOYEES

A notary public owns their commission, stamp and journal regardless of whether or not their employer paid for said commission and notary tools. This means that the notary must keep their stamp and journal under their control at all times and not surrender them to anyone, including an employer. Also, a notary public must always follow RI General Law and the Standards of Conduct for Notaries Public when notarizing including physical appearance. Employers cannot prohibit a notary from performing their duties nor limit when a notary may perform notarial acts.

REFUSING TO NOTARIZE

A notary public may refuse to perform a notarial act if:

- The signer is not physically present;
- The signer cannot be adequately identified;
- The signer is unwilling to swear or affirm to the contents of the document presented for notarizations that require an oath or affirmation;
- The principal has a demeanor that causes the notary public to have a compelling doubt about whether the principal knows the consequences of the transaction or document requiring the notarial act;
- If in the notary’s judgment, the principal is not acting of their own free will;
- If the notary public knows that the document contains information known or believed by the notary to be false;
- If the notary knows there is intent to deceive or defraud;
- If the notary knows the notarial act or associated transaction is unlawful;
- If the act is prohibited by other applicable law;
- If the number of notarial acts requested practicably precludes completion of all acts at once, in which case the notary public shall arrange for later completion of the remaining acts.

A notary public should not refuse to perform a notarial act solely based on the principal’s race, advanced age, gender, sexual orientation, religion, national origin, health or disability.
Identification of an individual is based on at least one current document issued by a Federal, State, or tribal government bearing a photo image of the individual’s face and signature. Credible witnesses may also be used when following the guidelines below.

For a person who is not a United States citizen, “satisfactory evidence of identity” shall mean identification of an individual based on a valid passport, or another government-issued document evidencing the individual’s nationality or residence, that bears a photographic image of the individual’s face and signature.

**ACCEPTABLE FORMS OF IDENTIFICATION INCLUDE:**

- Driver’s license or identification card issued by the RI Division of Motor Vehicles or by another state, Canada, Mexico or a territory of the United States
- Valid Passport issued by the U.S. Department of State or by a foreign government
- Identification card issued by any branch of the U.S. armed forces
- All Identification must be either current or expired not more than three years.

Copies of identification are not acceptable forms of ID.

**CREDIBLE WITNESS FOR IDENTIFICATION**

The credible witness must be:

- Personally known to the signer
- Identified by the notary by satisfactory evidence of identification
- Physically in the notary’s presence at the time of notarization
- An unbiased third party who has no interest in, or benefit from, the transaction
- Placed under oath

Best practices encourage the notary to include a note in their journal noting that a credible witness was used and the name of the credible witness, as well as, the identification used.

**CASE STUDY:**

**DO I REALLY NEED TO SEE IDENTIFICATION?**

Tom Brady came into a local bank to have his signature notarized on a contract between him and his agent. Adrianna, the notary and a faithful fan of Tom Brady, was star-struck upon meeting him. Tom apologized when he explained that he forgot his wallet containing his identification at home. Adrianna decided that she could state that she personally knew Tom, since she had seen all his games. She stated “personally known” in the notarial certificate.

Adrianna completed the notarization, got Tom’s autograph on a scrap of paper, and screamed with excitement after Tom left.

Should Adrianna have notarized Tom’s signature without requiring identification?

NO!

**Now, for the real story...**

Tom Brady disagreed with his agent on the agent’s proposed fee on the new contract they were negotiating, and Tom refused to sign the contract.

The agent forged Tom’s signature on the contract and hired a “look-alike” to present the document for notarization.

Poor Tom is now in court fighting with his agent and Adrianna has been subpoenaed to testify. Adrianna is scared to death, embarrassed at her error, and now knows that her Tom Brady autograph is a fake!

Be careful when you state that you personally know someone. This story is purely fictional, but could actually happen to you if you aren’t careful. Our apologies to Mr. Brady and his agent.

“Personally known” means that your acquaintance of and association with the individual establishes that person’s identity with reasonable certainty.

AUTHENTICATIONS: APOSTILLES AND CERTIFICATIONS

Apostilles and Certifications may be requested in person or by mail.

APOSTILLES

Documents that are going to be used outside of this country may require authentication of the official's signature, capacity and seal. The Department of State can authenticate RI public officials' signatures. Notaries Public, Clerks of the Court, and the State Registrar of Vital Records are among the most frequently authenticated public official signatures.

An apostille is a form of authentication established at the 1961 Hague Convention Abolishing the Requirement of Legalization for Foreign Public Documents, to which the United States is a subscriber. An apostille is used to authenticate public documents, certifying the authenticity of the issuing official's or notary public's signature on the document, the capacity in which the person has acted, and identifies the seal/stamp which the document bears. Apostilles are used as transmittal on documents executed in one subscribing country that are being sent to another subscribing country.

CERTIFICATIONS

A certification is a form of authentication used for countries that do not participate in the 1961 Hague Convention Abolishing the Requirement of Legalization for Foreign Public Documents. A certification is used to authenticate public documents, certifying the authenticity of the issuing official's or notary public's signature on the document, the capacity in which the person has acted, and identifies the seal/stamp which the document bears. These documents typically require additional authentication by the U.S. Department of State after receiving state authentication.

FEDERAL OR MILITARY APOSTILLES

To authenticate the signature of a Federal or U.S. Military official, the document must be presented to the U.S. Department of State's Authentication Office. Click here to learn more.

History of Section.

The signature and title of an individual performing a notarial act in this state are prima facie evidence that the signature is genuine and that the individual holds the designated title.

History of Section.

(a) A notarial act performed in another state has the same effect under the law of this state as if performed by a notarial officer of this state, if the act performed in that state is performed by:

(1) A notary public of that state;

(2) A judge, clerk, or deputy clerk of a court of that state; or

(3) Any other individual authorized by the law of that state to perform the notarial act.

(b) The signature and title of an individual performing a notarial act in another state are prima facie evidence that the signature is genuine and that the individual holds the designated title.

(c) The signature and title of a notarial officer described in subsection (a)(1) or (a)(2) of this section conclusively establish the authority of the officer to perform the notarial act.

History of Section.

(a) A notarial act performed under federal law has the same effect under the law of this state as if performed by a notarial officer of this state, if the act performed under federal law is performed by:

(1) A judge, clerk, or deputy clerk of a court;

(2) An individual in military service, or performing duties under the authority of military service, who is authorized to perform notarial acts under federal law;

(3) An individual designated a notarizing officer by the United States Department of State for performing notarial acts overseas; or

History of Section.

(a) In this section, "foreign state" means a government other than the United States of America or a state not including the state of Rhode Island.

(b) If a notarial act is performed under authority and in the jurisdiction of a foreign state or constituent unit of the foreign state, the act has the same effect under the law of this state as if performed by a notarial officer of this state.

(c) If the title of office and indication of authority to perform notarial acts in a foreign state appears in a digest of foreign law or in a list customarily used as a source for that information, the authority of an officer with that title to perform notarial acts is conclusively established.

(d) The signature and official stamp of an individual holding an office described in subsection (c) of this section are prima facie evidence that the signature is genuine and the individual holds the designated title.

(e) A consular authentication issued by an individual designated by the United States Department of State as a notarizing officer for performing notarial acts overseas and attached to the record with respect to which the notarial act is performed conclusively establishes that the signature of the notarial officer is genuine and that the officer holds the indicated office.

History of Section.

The official stamp of a notary public must:

(1) Include the notary public's name, the words "notary public", jurisdiction, and other information required by the rules of the commissioning agency; and

(2) Be capable of being copied together with the record to which it is affixed or attached or with which it is logically associated;

(3) This section shall not preclude a notarial officer who is a member of the general assembly in this state from notarizing a document without the use of a stamp on the floor of the general assembly during open session.

History of Section.

(a) A notary public may select one or more tamper-evident technologies to perform notarial acts with respect to electronic records. A person may not require a notary public to perform a notarial act with respect to an electronic record with a technology that the notary public has not selected.

(b) Before a notary public performs the notary public's initial notarial act with respect to an electronic record, a notary public shall notify the commissioning agency that the notary public will be performing notarial acts with respect to electronic records and identify the technology the notary public intends to use. If the commissioning agency has established standards for approval of technology, the technology must conform to the standards. If the technology conforms to the standards, the commissioning agency shall approve the use of the technology.

History of Section.

(a) A notarial act may be performed in this state by:
(1) A notary public of this state;

(2) An individual qualified under subsection (b) of this section may apply to the commissioning officer for a commission as a notary public. The applicant shall comply with the information required herein and pay the sum of eighty dollars ($80.00).

(b) An applicant for a commission as a notary public must:

(1) No notary public set forth in subsection (d) shall be required to pay an application fee. The notaries public set forth in subsection (d) must complete the appropriate oath of office as set forth in subsection (2). The notaries public set forth in subsection (d) who may be reappointed or continued in office, may continue to officiate while in office without taking a new oath of office.
Before issuance of a commission as a notary public, an applicant for the commission shall execute an oath of office and submit it to the commissioning agency.

(e) Two (2) police officers from each state and local police department of this state, as identified in writing by the chief of police.

(f) On compliance with this section, the commissioning officer shall issue a commission as a notary public to an applicant for a term of four (4) years.

(g) Every notary public appointed by the commissioning officer and not reappointed may continue to officiate for a space of thirty (30) days after the date on which his or her commission expires.

(h) A commission to act as a notary public authorizes the notary public to perform notarial acts. The commission does not provide the notary public any immunity or benefit conferred by law of this state on public officials or employees.

History of Section.

§ 42-30.1-16. Grounds to deny, refuse to renew, revoke, suspend, or condition commission of notary public. [Effective January 1, 2019.]

(a) The commissioning officer may deny, refuse to renew, revoke, suspend, or impose a condition on a commission as notary public for any act or omission that demonstrates the individual lacks the honesty, integrity, competence, or reliability to act as a notary public, including without limitation:

(1) Failure to comply with this chapter;

(2) A fraudulent, dishonest, or deceitful misstatement or omission in the application for a commission as a notary public submitted to the commissioning officer and/or agency;

(3) A conviction of the applicant or notary public of any crime that involves fraud, dishonesty, or deceit; provided that in determining whether to deny, refuse to renew, revoke, suspend, or condition the commission, the commissioning officer shall consider such factors as the seriousness of the crime; whether the crime relates directly to the training and skills needed for the commission of a notary public; how
much time has elapsed since the crime was committed; and the applicant's actions and conduct since the crime was committed;

(4) A finding against, or admission of liability by, the applicant or notary public in any legal proceeding or disciplinary action based on the applicant's or notary public's fraud, dishonesty, or deceit;

(5) Use of false or misleading advertising or representation by the notary public representing that the notary public has a duty, right, or privilege that the notary public does not have;

(6) Denial, refusal to renew, revocation, suspension, or conditioning of a notary public commission in another state; or

(7) Termination or revocation of a certificate of admission to the Rhode Island bar or a certificate of public accountancy.

(b) If the commissioning officer denies, refuses to renew, revokes, suspends, or imposes conditions on a commission as a notary public, the applicant or notary public is entitled to timely notice and hearing in accordance with chapter 35 of this title.

(c) The authority of the commissioning officer to deny, refuse to renew, suspend, revoke, or impose conditions on a commission as a notary public does not prevent a person from seeking and obtaining other criminal or civil remedies provided by law.

History of Section.

§ 42-30.1-17. Database of notaries public. [Effective January 1, 2019.]

The commissioning agency shall maintain an electronic database of notaries public:

(1) Through which a person may verify the authority of a notary public to perform notarial acts; and

(2) That indicates whether a notary public has notified the commissioning agency that the notary public will be performing notarial acts on electronic records.
History of Section.

(a) A commission as a notary public does not authorize an individual to:

(1) Assist persons in drafting legal records, give legal advice, or otherwise practice law;

(2) Act as an immigration consultant or an expert on immigration matters;

(3) Represent a person in a judicial or administrative proceeding relating to immigration to the United States, United States citizenship, or related matters; or

(4) Receive compensation for performing any of the activities listed in this subsection.

(b) A notary public may not engage in false or deceptive advertising.

(c) A notary public, other than an attorney licensed to practice law in this state, may not use the term "notario" or "notario publico".

(d) A notary public, other than an attorney licensed to practice law in this state, may not advertise or represent that the notary public may assist persons in drafting legal records, give legal advice, or otherwise practice law. If a notary public who is not an attorney licensed to practice law in this state in any manner advertises or represents that the notary public offers notarial services, whether orally or in a record, including broadcast media, print media, and the internet, the notary public shall include the following statement, or an alternate statement authorized or required by the commissioning agency, in the advertisement or representation, prominently and in each language used in the advertisement or representation: "I am not an attorney licensed to practice law in this state. I am not licensed to draft legal records, give advice on legal matters, including immigration, or charge a fee for those activities." If the form of advertisement or representation is not broadcast media, print media, or the internet and does not permit inclusion of the statement required by this subsection because of size, it must be displayed prominently or provided at the place of performance of the notarial act before the notarial act is performed.
(e) Except as otherwise allowed by law, a notary public may not withhold access to, or possession of, an original record provided by a person that seeks performance of a notarial act by the notary public.

History of Section.

Except as otherwise provided in § 42-30.1-3(b), the failure of a notarial officer to perform a duty or meet a requirement specified in this chapter does not invalidate a notarial act performed by the notarial officer. The validity of a notarial act under this chapter does not prevent an aggrieved person from seeking to invalidate the record or transaction that is the subject of the notarial act or from seeking other remedies based on the law of this state other than this chapter or law of the United States of America. This section does not validate a purported notarial act performed by an individual who does not have the authority to perform notarial acts.

History of Section.

A fee of five dollars ($5.00) shall be charged and collected by the office of the secretary of state for the authentication or certification of the signature of a notary public. In any event where the office of the secretary of state shall authenticate or certify the signatures of a notary public upon multiple relevant documents presented simultaneously, and all of which documents pertain to the same matter or transaction and are to be filed at one time, the aggregate fee charged for the authentications or certifications shall be the lesser of the above-referenced fee charged per each authentication or certification, or one hundred fifty dollars ($150).

History of Section.

A notary public who, in the exercise of the powers or in the performance of the
duties of the office, shall practice any fraud or deceit, the punishment for which is not otherwise provided for by law, shall be guilty of a misdemeanor and fined not more than one thousand dollars ($1,000), or imprisoned not more than one year, or both.

History of Section.

A commission as a notary public in effect on January 1, 2019, continues until its date of expiration. A notary public who applies to renew a commission as a notary public on or after January 1, 2019, is subject to and shall comply with this chapter. A notary public, in performing notarial acts after January 1, 2019, shall comply with this chapter.

History of Section.

This chapter does not affect the validity or effect of a notarial act performed before January 1, 2019.
