for the

The Executive Director of the Rhode Island Clean Water Finance Agency (Agency) proposes the adoption of the federal fiscal year 2013 Intended Use Plan (IUP). The IUP identifies water pollution abatement projects to be funded by the Clean Water State Revolving Fund (CWSRF) with the federal fiscal year 2012 capitalization grant awarded under provisions of Title VI of the Federal Clean Water Act, as amended, and Chapter 46-12.2 of the General Laws of Rhode Island, 1956, as amended, and

The Director of the RI Department of Environmental Management (DEM) proposes promulgation of the state fiscal year 2013 Project Priority List (PPL) developed pursuant to "Rules and Regulations for the Priority Determination System for Federal and State Assistance to Local Governmental Units for Construction of Water Pollution Abatement Projects", dated April, 1998, to meet the requirements of Title VI of the Federal Clean Water Act, as amended, and Chapter 46-12.2 of the General Laws of Rhode Island, 1956, as amended,

Therefore, notice is hereby given in accordance with the provisions of Chapter 42-35 of the General Laws of Rhode Island of 1956, as amended, that the Director of DEM and the Executive Director of the Agency will hold a joint public hearing on both of the abovementioned topics in the Conference Room of the Agency in the Foundry Complex, Suite 119, 235 Promenade Street, Providence RI on Wednesday, September 12, 2012 at 9:30 a.m. at which time and place all persons will be heard. The public record will remain open for seven (7) calendar days after the public hearing for the submission of written comments.

DEM and the Agency, in accordance with Section 42-35-3 of the Rhode Island General Laws, as amended, have determined that the proposed IUP and PPL do not overlap or duplicate other regulatory or statutory provisions, nor will they result in significant adverse economic impact on small businesses or cities and towns.
