

RI DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
OFFICE OF WATER RESOURCES
&
RI CLEAN WATER FINANCE AGENCY

PUBLIC NOTICE OF JOINT PUBLIC HEARING

FY 2014 Intended Use Plan and FY 2014 Project Priority List

The Executive Director of the Rhode Island Clean Water Finance Agency (Agency) proposes the adoption of the federal fiscal year 2014 Intended Use Plan (IUP). The IUP identifies water pollution abatement projects to be funded by the Clean Water State Revolving Fund (CWSRF) with the federal fiscal year 2013 capitalization grant awarded under provisions of Title VI of the federal Clean Water Act and Chapter 46-12.2 of the General Laws of Rhode Island, 1956, as amended, and

The Director of the RI Department of Environmental Management (DEM) proposes promulgation of the state fiscal year 2014 Project Priority List (PPL) developed pursuant to "Rules and Regulations for the Priority Determination System for Federal and State Assistance to Local Governmental Units for Construction of Water Pollution Abatement Projects", dated April, 1998, to meet the requirements of Title VI of the Federal Clean Water Act, as amended, and Chapter 46-12.2 of the General Laws of Rhode Island, 1956, as amended,

Therefore, notice is hereby given in accordance with the provisions of Chapter 42-35 of the General Laws of Rhode Island of 1956, as amended, that the Director of DEM and the Executive Director of the Agency will hold a joint public hearing on both of the abovementioned topics in the Conference Room of the Agency in the Foundry Complex, Suite 119, 235 Promenade Street, Providence RI on Monday, August 21, 2013 at 9:30 a.m. at which time and place all persons will be heard. The building is accessible to the handicapped. Persons requesting interpreter services for the hearing impaired must notify the Office of Water Resources at either (401) 222-3961 or TDD (401) 831-5508 within forty-eight (48) hours in advance of the hearing date. The public record will remain open for seven (7) calendar days after the public hearing for the submission of written comments.

DEM and the Agency, in accordance with Section 42-35-3 of the Rhode Island General Laws, as amended, have determined that the proposed IUP and PPL do not overlap or duplicate other regulatory or statutory provisions, nor will they result in significant adverse economic impact on small businesses or cities and towns. Copies of the proposed PPL can be obtained by calling the Office of Water Resources (OWR) at 222-3961 weekdays from 8:30 a.m. to 4:00 p.m.; downloaded via the internet at www.dem.ri.gov/programs/benviron/water/finance/srf/index.htm or by writing to the OWR at 235 Promenade Street, Providence, RI 02908-5767. Copies of the proposed IUP can be obtained by calling the Agency at 453-4430 weekdays from 8:30 a.m. to 4:00 p.m. or by writing to the Agency at Suite 119, 235 Promenade Street, Providence, RI 02908.

Signed this 11th day of July, 2013.

Angelo S. Liberti, P.E., Chief

RHODE ISLAND DEPARTMENT of ENVIRONMENTAL MANAGEMENT

Office of Water Resources

Fiscal Year 2014 Project Priority List

DESIGN CATEGORY

<u>CATEGORY</u>	<u>NUMBER</u>	<u>DEFINITION</u>
Secondary Treatment	1	Replacement/modifications/additions based on an approved Wastewater Facilities Plan (WWFP) to achieve/maintain secondary treatment
Advanced Treatment	2	Replacement/modifications/additions based on an approved WWFP to achieve/maintain advanced treatment
I/I Correction	3A	Corrective actions in sewer systems identified in an approved I/I Analysis or Sewer System Evaluation Survey
Sewer System Repair	3B	Rehabilitation is extensive repair of existing sewers/pump stations beyond scope of normal maintenance programs. Replacement is construction of parallel sewers/sewers with exact function of sewers to be abandoned. Replacement of pump stations is construction of a new pumping station with the same functions/flow capacity of the old facility. All must be in WWFP
Collectors (Future)	4A	Sewers that will convey flows from future homes, businesses and industries identified in a CCP and approved in a WWFP
Interceptor (Future)	4B	Sewers that will convey flows from one of more Category 4A areas to another interceptor or WWTF
Collectors (Present)	4C	Sewers to convey flows from present homes, businesses, and industries identified in a CCP and approved in a WWFP
Interceptor (Present)	4D	Sewers to convey flows from one of more Category 4C areas to another interceptor WWFP
CSO	5	Combined Sewer treatment/storage/separation per an approved WWFP
Planning	6	Detailed plan determining the need for and feasibility of water pollution abatement project(s)
Design	7	Plans, Specifications, and bidding documents
Non-Point	8	Implementation project per Non-Point Source Plan (SGP # 731)
Estuarine	9	Implementation project per Comprehensive Conservation and Management Plan (SGP # 715)
Onsite Wastewater Treatment Facility (OWTS)	10	Alternative systems, subsurface (OWTS), and Wastewater Management Districts (WWMD) per RIGL 45-24.5
Stormwater	11	Planning & Implementation of municipal stormwater management programs and controls
Other	12	Other water pollution abatement or water quality improvement projects
