RHODE ISLAND INFRASTRUCTURE BANK

PROCUREMENT REGULATIONS

ARTICLE I. GENERAL PROVISIONS:

Section 1.1. Introduction. The purpose of these Regulations is to ensure that the Rhode Island Infrastructure Bank (the “Bank”) follows the principles and policies of state purchasing as set forth in Chapter 2 of Title 37 of the Rhode Island General Laws in connection with the procurement of goods and services.

Section 1.2. Application. The Bank shall follow these Regulations as accepted and filed with the Secretary of State pursuant to Chapter 35 of Title 42, of the Rhode Island General Laws. Nothing in these regulations shall prevent the Bank from complying with the terms and conditions of any grant, gift, bequest, or cooperative agreement except where such terms and conditions may conflict with requirements of law, including, but not limited to, the provisions of these regulations regarding competitive procurement.

Section 1.3. Chief Purchasing Officer. The Executive Director is designated as the Chief Purchasing Officer (the “Chief Purchasing Officer”) for the purpose of these Regulations. He/She may appoint a Chief Purchasing Agent (the “Chief Purchasing Agent”) if needed to make recommendations to the Chief Purchasing Officer and to implement purchasing decisions. All purchases shall be approved by the Chief Purchasing Officer.

Section 1.4. Recycled/Environmentally Preferred Products. The Bank will, to the extent practicable, purchase recycled and/or environmentally preferred products for its use and will specify such in all Requests for Proposals.

Section 1.5. Purchases from Minority, Women, or Disabled Business Enterprises. Office supplies shall, to the extent possible, be purchased at the lowest cost possible while making use of Minority, Women, or Disabled Business Enterprises (MBE/WBE/DBE). The Bank will attempt to conform to Federal and State MBE/WBE/DBE utilization goals whenever possible and to the extent practicable.

Section 1.6. Repairs and Maintenance Agreements. Repairs and maintenance of equipment owned or leased by the Bank shall be in the form of a service contract by the purveyor of the equipment whenever possible and to the extent practicable.

Section 1.7. Dividing Procurements. The Chief Purchasing Officer shall not artificially divide orders for similar purchases which would result in exceeding the five thousand dollar (\$5,000) limit for goods or twenty thousand dollars (\$20,000) for services.

Section 1.8. Definitions. For purposes of these regulations, unless otherwise specified, all terms shall have the meanings ascribed in the laws governing State Purchases, R.I.G.L. § 37-2-1, et seq.

ARTICLE II. MASTER PRICE AGREEMENTS

Section 2.1. Use of MPA. The Bank may make use of Master Price Agreements entered into between the State of Rhode Island and vendors of goods and services.

ARTICLE III. SMALL PURCHASES:

Section 3.1. Small Purchases. Purchases not exceeding Five Thousand Dollars (\$5,000) are considered "Small Purchases" and may be awarded by the Chief Purchasing Officer in accordance with the procedures set forth below. Procurements which do not exceed two hundred and fifty dollars (\$250) may be accomplished without securing competitive quotations if the prices are considered by the Chief Purchasing Officer to be fair and reasonable. Small purchases in excess of two hundred and fifty dollars (\$250) require obtaining written, oral, or faxed quotations from a minimum of three (3) qualified vendors who are willing and able to compete effectively. Oral quotations may be utilized if they are documented in memo form and state the name of the supplier, the date contacted and the quoted price. This memo must be submitted with the purchase order requisition.

- (a) For purchases above two hundred and fifty dollars (\$250), at least three quotes must be obtained.
- (b) Telephone Quotes. For procurements between two hundred and fifty-one dollars (\$251) and one thousand dollars (\$1,000) at least three telephone quotes, documented in writing by a Bank official must be obtained. Even where a telephone quote is permitted, each potential vendor must be provided a written confirmation of quote either by regular mail, email, or fax.
- (c) Written Quotes. May be obtained through mail, personal delivery or fax. For procurements above one thousand dollars (\$1,000) written confirmation of all offers must be obtained from vendors.
- (d) It is important that the person obtaining the quotes set a deadline by which all written quotes must be received or the process may not have closure. This also ensures that the vendors have an equal opportunity to participate.
- (e) An official record of all quotes received must be retained with a copy of the appropriate documents, with the quote attached to purchase order requisitions.
- (f) Contract. A solicitation combined with an offer which results in an order being placed is deemed to be a contract between the Bank and the supplier.
- (g) Notification. A Bank official will notify the responsible vendor offering the lowest responsive price. Although a telephone order may suffice in many instances, a written

order is often preferable so that there is a record in case of a dispute if the vendor does not deliver what was requested or does not deliver within a reasonable time.

- (h) Award to Other than Low Bidder. When awarding to other than the low bidder, the record shall include a statement explaining the basis for the decision. Any such rationale must contain objective criteria, e.g. item offered did not meet specifications or brand and model requirements, item offered was not equivalent of what was requested or vendor has been suspended.
- (i) Cancellation. Contracts must be cancelled in writing, explaining the reason for the cancellation. A copy of this document must be part of the official record of the purchase. An example of a basis for cancellation is a vendor's failure to provide what was agreed to, referred to as "non-responsive."

ARTICLE IV. PURCHASE ABOVE SPECIFIED AMOUNT; BIDDING PROCESS:

Section 4.1. Purchases Subject to Competitive Bidding. Purchases exceeding the amounts specified by Articles III and V of these regulations, respectively, shall be awarded by competitive sealed bidding unless it is determined in writing that this method is not practicable. Factors to be considered in determining whether competitive sealed bidding is practicable shall include whether:

- (a) Specifications can be prepared that permit an award on the basis of either the lowest bid price or the lowest evaluated bid price; and
- (b) The available sources, the time and place of performance, and other relevant circumstances as are appropriate for the use of competitive sealed bidding.

Section 4.2. Requests for Proposals.

- (a) For purchases to be made pursuant to competitive bidding, the Bank shall prepare a request for proposals ("Request for Proposals") outlining, to the extent practicable, the exact terms or specifications of the product or service needed.
- (b) The Request for Proposals shall state whether the award will be based on lowest bid price, or, on the lowest evaluated or responsive bid price. If the latter is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids, to the extent practicable.
- (c) Bid solicitations shall be made available utilizing the Rhode Island Vendor Information Program. The notice of the invitation for bids shall also be published on the Bank's Website and may utilize a newspaper of general circulation in the state not less than seven (7) nor more than twenty-eight (28) days before the date for opening the bids.
- (d) A bidder may make technical corrections to its bid prior to bid opening, but not

thereafter.

Section 4.3. Review of Bids and Contract Award.

- (a) Proposals will be opened publicly at a time and place indicated in the Request for Proposals which provides for adequate public notice of the invitation for bids. After the awarding of the bid, bidder information and an abstract of their bid and all information in relation to the bidding process shall be made available for public review.
- (b) The contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is accepted.
- (c) If the Chief Purchasing Officer determines in writing that (i) all bids submitted exceed funds available or budgeted for the purchase, (ii) that there are no additional funds available to permit and award to the lowest responsive and responsible bidder and (iii) the best interest of the Bank will not permit the delay incurred with a resolicitation under revised specifications, competitive negotiations may be conducted with the three (3) bidders (two (2) if there are only two (2) bidders) determined in writing to be the lowest responsive and responsible bidders, to the competitive sealed bid invitation. Revisions to the specifications shall be discussed with all potential award recipients.

Section 4.4. Cancellation of Request for Proposals. A Request for Proposals or an invitation to bid may be canceled at any time if it is determined, in writing by the Bank, to be in the best interest of the Bank.

Section 4.5. Bidder Responsibilities.

- (a) Responsibilities of bidders include but are not limited to:
 - (1) The description of the bidder's business and qualifications;
 - (2) The identification of key members who will contribute to fulfilling the bidder's responsibilities pursuant to the award;
 - (3) Provision of a listing of past work related to the current service description;
 - (4) The description of affirmative action programs and number and percent of minorities and women who hold key managerial positions in the firm;
 - (5) The description of the firm's use of state Minority, Women, and Disabled Business Enterprises (MBE/WBE/DBE);
 - (6) Provision of a listing of any litigation and proceedings or investigations which are currently being conducted or are threatened, including an indication of the current status of any proceedings.

- (b) Where appropriate, bidders shall provide an itemized schedule of professional service fees and disbursements and shall specify how fees will be calculated.

ARTICLE V. CONTRACTUAL PROCUREMENT OF PROFESSIONAL SERVICES:

The notice shall contain a brief statement of the services required, describe the project, and specify how much a solicitation containing specific information on the project may be obtained.
