- C. Foreign or alien insurers filing the Audited financial report in another state, pursuant to such other state's requirement for filing of Audited financial reports, which has been found by the Commissioner to be substantially similar to the requirements herein, are exempt from §§ 7.4 - 7.13 of this Part if:

7.4 General Requirements Related to Filing and Extensions for Filing of Annual Audited Financial Reports and Audit Committee Appointment

- A. All insurers shall have an annual audit by an independent certified public accountant and shall file an Audited financial report with the Commissioner on or before June 1 for the year ended December 31 immediately preceding. The Commissioner may require an insurer to file an audited financial report earlier than June 1 with ninety (90) days advance notice to the insurer.
- B. Extensions of the June 1 filing date may be granted by the Commissioner for thirty (30) day periods upon showing by the insurer and its independent certified public accountant the reasons for requesting such extension and determination by the Commissioner of good cause for an extension. The request for extension must be submitted in writing not less than ten (10) days prior to the due date in sufficient detail to permit the Commissioner to make an informed decision with respect to the requested extension.

- C. If an extension is granted in accordance with the provisions in § 7.4(B) of this Part, a similar extension of thirty (30) days is granted to the filing of Management's Report of Internal Control over Financial Reporting.
- D. Every insurer required to file an annual Audited financial report pursuant to this regulation shall designate a group of individuals as constituting its Audit committee, as defined in § 7.3 of this Part. The Audit committee of an entity that controls an insurer may be deemed to be the insurer's Audit committee for purposes of this regulation at the election of the controlling person.

7.5 Contents of Annual Audited Financial Report

- A. The annual Audited financial report shall report the financial position of the insurer as of the end of the most recent calendar year and the results of its operations, cash flows and changes in capital and surplus for the year then ended in conformity with statutory accounting practices prescribed, or otherwise permitted, by the Department of Insurance of the state of domicile.
- B. The annual Audited financial report shall include the following:
 - 1. Report of independent certified public accountant.
 - 2. Balance sheet reporting admitted assets, liabilities, capital and surplus.
 - 3. Statement of operations.
 - 4. Statement of cash flow.
 - 5. Statement of changes in capital and surplus.
 - 6. Notes to financial statements. These notes shall be those required by the appropriate NAIC Annual Statement Instructions and NAIC Accounting Practices and Procedures Manual. The notes shall include a reconciliation of differences, if any, between the audited statutory financial statements and the annual statement filed pursuant to R.I. Gen. Laws § 27-12-1, with a written description of the nature of these differences
 - 7. The financial statements included in the Audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the annual statement of the insurer filed with the Commissioner, and the financial statement shall be comparative, presenting the amounts as of December 31 of the current year and the amounts as of the immediately preceding December 31. (However, in the first year in which an insurer is required to file an Audited financial report, the comparative data may be omitted).

7.6 Designation of Independent Certified Public Accountant

- A. Each insurer required by this regulation to file an annual Audited financial report must, within sixty (60) days after becoming subject to such requirement, register with the Commissioner in writing the name and address of the independent certified public accountant or accounting firm retained to conduct the annual audit set forth in this regulation. Insurers not retaining an independent certified public accountant on the effective date of this regulation shall register the name and address of their retained independent certified public accountant not less than six (6) months before the date when the first Audited financial report is to be filed.
- B. The insurer shall obtain a letter from the accountant, and file a copy with the Commissioner stating that the accountant is aware of the provisions of the Insurance Code and the Rules and Regulations of the Insurance Department of the state of domicile that relate to accounting and financial matters and affirming that the accountant will express his or her opinion on the financial statements in terms of their conformity to the statutory accounting practices prescribed or otherwise permitted by that Insurance Department, specifying such exceptions as he or she may believe appropriate.
- C. If an accountant who was the accountant for the immediately preceding filed audited financial report is dismissed or resigns the insurer shall within five (5) business days notify the Commissioner of this event. The insurer shall also furnish the Commissioner with a separate letter within ten (10) business days of the above notification stating whether in the twenty-four (24) months preceding such event there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure; which disagreements, if not resolved to the satisfaction of the former accountant, would have caused him or her to make reference to the subject matter of the disagreement in connection with his or her opinion. The disagreements required to be reported in response to § 7.6 of this Part include both those resolved to the former accountant's satisfaction and those not resolved to the former accountant's satisfaction. Disagreements contemplated by § 7.6 of this Part are those that occur at the decision-making level, i.e., between personnel of the insurer responsible for presentation of its financial statements and personnel of the accounting firm responsible for rendering its report. The insurer shall also in writing request such former accountant to furnish a letter addressed to the insurer stating whether the accountant agrees with the statements contained in the insurer's letter and, if not, stating the reasons for which he or she does not agree; and the insurer shall furnish such responsive letter from the former accountant to the Commissioner together with its own.

7.7 Qualifications of Independent Certified Public Accountant

- A. The Commissioner shall not recognize any person or firm as a qualified independent certified public accountant if the person or firm:

1. Is not in good standing with the AICPA and in all states in which the accountant is licensed to practice, or, for a Canadian or British company, that is not a chartered accountant; or
 2. Has either directly or indirectly entered into an agreement of indemnity or release from liability (collectively referred to as “indemnification”) with respect to the audit of the insurer.
- B. Except as otherwise provided herein, the Commissioner shall recognize an independent certified public accountant as qualified as long as he or she conforms to the standards of his or her profession, as contained in the Code of Professional Ethics of the AICPA and Rules and Regulations and Code of Ethics and Rules of Professional Conduct of the Rhode Island Board of Public Accountancy, or similar code.
- C. A qualified independent certified public accountant may enter into an agreement with an insurer to have disputes relating to an audit resolved by mediation or arbitration. However, in the event of a delinquency proceeding commenced against the insurer under R.I. Gen. Laws §§ 27-14.3-1 *et seq.* and 27-14.2-1 *et seq.*, the mediation or arbitration provisions shall operate at the option of the statutory successor.
- D. The lead (or coordinating) audit partner (having primary responsibility for the audit) may not act in that capacity for more than five (5) consecutive years. The person shall be disqualified from acting in that or a similar capacity for the same company or its insurance subsidiaries or affiliates for a period of five (5) consecutive years. An insurer may make application to the Commissioner for relief from the above rotation requirement on the basis of unusual circumstances. This application should be made at least thirty (30) days before the end of the calendar year. The Commissioner may consider the following factors in determining if the relief should be granted:
1. Number of partners, expertise of the partners or the number of insurance clients in the currently registered firm;
 2. Premium volume of the insurer; or
 3. Number of jurisdictions in which the insurer transacts business.
- E. The insurer shall file, with its annual statement filing, the approval for relief from § 7.7(D) of this Part with the states that it is licensed in or doing business in and with the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.
- F. The Commissioner shall neither recognize as a qualified independent certified public accountant, nor accept any annual Audited financial report, prepared in whole or in part by, any natural person who:

1. Has been convicted of fraud, bribery, a violation of the Racketeer Influenced and Corrupt Organizations Act, 18 U.S.C. §§ 1961-1968, or any dishonest conduct or practices under federal or state law;
 2. Has been found to have violated the insurance laws of this state with respect to any previous reports submitted under this regulation; or
 3. Has demonstrated a pattern or practice of failing to detect or disclose material information in previous reports filed under the provisions of this regulation.
- G. The Commissioner of Insurance may, in accordance with the requirements of the Administrative Procedures Act, R.I. Gen. Laws § 42-35-1 *et seq.* hold a hearing to determine whether an independent certified public accountant is qualified and, considering the evidence presented, may rule that the accountant is not qualified for purposes of expressing his or her opinion on the financial statements in the annual Audited financial report made pursuant to this regulation and require the insurer to replace the accountant with another whose relationship with the insurer is qualified within the meaning of this regulation.
- H. The commissioner shall not recognize as a qualified independent certified public accountant, nor accept an annual Audited financial report, prepared in whole or in part by an accountant who provides to an insurer, contemporaneously with the audit, the following non-audit services:
1. Bookkeeping or other services related to the accounting records or financial statements of the insurer;
 2. Financial information systems design and implementation;
 3. Appraisal or valuation services, fairness opinions, or contribution-in-kind reports;
 4. Actuarially-oriented advisory services involving the determination of amounts recorded in the financial statements. The accountant may assist an insurer in understanding the methods, assumptions and inputs used in the determination of amounts recorded in the financial statement only if it is reasonable to conclude that the services provided will not be subject to audit procedures during an audit of the insurer's financial statements. An accountant's actuary may also issue an actuarial opinion or certification ("opinion") on an insurer's reserves if the following conditions have been met:
 - a. Neither the accountant nor the accountant's actuary has performed any management functions or made any management decisions;

- b. The insurer has competent personnel (or engages a third party actuary) to estimate the reserves for which management takes responsibility; and
 - c. The accountant's actuary tests the reasonableness of the reserves after the insurer's management has determined the amount of the reserves;
 - 5. Internal audit outsourcing services;
 - 6. Management functions or human resources;
 - 7. Broker or dealer, investment adviser, or investment banking services;
 - 8. Legal services or expert services unrelated to the audit; or
 - 9. Any other services that the commissioner determines, by regulation, are impermissible.
- I. In general, the principles of independence with respect to services provided by the qualified independent certified public accountant are largely predicated on three basic principles, violations of which would impair the accountant's independence. The principles are that the accountant cannot function in the role of management, cannot audit his or her own work, and cannot serve in an advocacy role for the insurer.
- J. Insurers having direct written and assumed premiums of less than \$100,000,000 in any calendar year may request an exemption from § 7.7(G) of this Part. The insurer shall file with the commissioner a written statement discussing the reasons why the insurer should be exempt from these provisions. If the commissioner finds, upon review of this statement, that compliance with this regulation would constitute a financial or organizational hardship upon the insurer, an exemption may be granted.
- K. A qualified independent certified public accountant who performs the audit may engage in other non-audit services, including tax services, that are not described in § 7.7(G) of this Part or that do not conflict with § 7.7(H) of this Part, only if the activity is approved in advance by the Audit committee, in accordance with § 7.7(L) of this Part.
- L. All auditing services and non-audit services provided to an insurer by the qualified independent certified public accountant of the insurer shall be preapproved by the Audit committee. The preapproval requirement is waived with respect to non-audit services if the insurer is a SOX Compliant Entity or a direct or indirect wholly-owned subsidiary of a SOX Compliant Entity or:
- 1. The aggregate amount of all such non-audit services provided to the insurer constitutes not more than five percent (5%) of the total amount of

fees paid by the insurer to its qualified independent certified public accountant during the fiscal year in which the non-audit services are provided;

2. The services were not recognized by the insurer at the time of the engagement to be non-audit services; and
 3. The services are promptly brought to the attention of the Audit committee and approved prior to the completion of the audit by the Audit committee or by one or more members of the Audit committee who are the members of the board of directors to whom authority to grant such approvals has been delegated by the Audit committee.
- M. The Audit committee may delegate to one or more designated members of the Audit committee the authority to grant the preapprovals required by § 7.7(L) of this Part. The decisions of any member to whom this authority is delegated shall be presented to the full Audit committee at each of its scheduled meetings.
- N. The commissioner shall not recognize an independent certified public accountant as qualified for a particular insurer if a member of the board, president, chief executive officer, controller, chief financial officer, chief accounting officer, or any person serving in an equivalent position for that insurer, was employed by the independent certified public accountant and participated in the audit of that insurer during the one-year period preceding the date that the most current statutory opinion is due. Section 7.7 of this Part shall only apply to partners and senior managers involved in the audit. An insurer may make application to the commissioner for relief from the above requirement on the basis of unusual circumstances.
- O. The insurer shall file, with its annual statement filing, the approval for relief from § 7.7(N) of this Part with the states that it is licensed in or doing business in and the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

7.8 Consolidated or Combined Audits

- A. An insurer may make written application to the Commissioner for approval to file audited consolidated or combined financial statements in lieu of separate annual audited financial statements if the insurer is part of a group of insurance companies which utilizes a pooling or one hundred percent (100%) reinsurance agreement that affects the solvency and integrity of the insurer's reserves and such insurer cedes all of its direct and assumed business to the pool. In such cases, a columnar consolidating or combining worksheet shall be filed with the report, as follows:
1. Amounts shown on the consolidated or combined Audited financial report shall be shown on the worksheet;

2. Amounts for each insurer subject to § 7.8 of this Part shall be stated separately;
3. Noninsurance operations may be shown on the worksheet on a combined or individual basis;
4. Explanations of consolidating and eliminating entries shall be included; and
5. A reconciliation shall be included of any differences between the amounts shown in the individual insurer columns of the worksheet and comparable amounts shown on the Annual Statements of the insurers.

7.9 Scope of Audit and Report of Independent Certified Public Accountant

Financial statements furnished pursuant to § 7.5 of this Part shall be examined by an independent certified public accountant. The audit of the insurer's financial statements shall be conducted in accordance with generally accepted auditing standards. In accordance with AU Section 319 of the Professional Standards of the AICPA, Consideration of Internal Control in a Financial Statement Audit, the independent certified public accountant should obtain an understanding of internal control sufficient to plan the audit. To the extent required by AU 319, for those insurers required to file a Management's Report of Internal Control over Financial Reporting pursuant to § 7.17 of this Part, the independent certified public accountant should consider (as that term is defined in Statement on Auditing Standards (SAS) No. 102, Defining Professional Requirements in Statements on Auditing Standards or its replacement) the most recently available report in planning and performing the audit of the statutory financial statements. Consideration shall be given to the procedures illustrated in the financial condition examiner's handbook promulgated by the National Association of Insurance Commissioners as the independent certified public accountant deems necessary.

7.10 Notification of Adverse Financial Condition

- A. The insurer required to furnish the annual audited financial report shall require the independent certified public accountant to report, in writing, within five (5) business days to the board of directors or its audit committee any determination by the independent certified public accountant that the insurer has materially misstated its financial condition as reported to the Commissioner as of the balance sheet date currently under audit or that the insurer does not meet the minimum capital and surplus requirement of the Rhode Island Insurance Laws as of that date. An insurer who has received a report pursuant to this paragraph shall forward a copy of the report to the Commissioner within five (5) business days of receipt of such report and shall provide the independent certified public accountant making the report with evidence of the report being furnished to the Commissioner. If the independent certified public accountant fails to receive such evidence within the required five (5) business day period, the independent

certified public accountant shall furnish to the Commissioner a copy of its report within the next five (5) business days.

- B. No independent certified public accountant shall be liable in any manner to any person for any statement made in connection with the above paragraph if such statement is made in good faith in compliance with § 7.10(A) of this Part.
- C. If the accountant, subsequent to the date of the Audited financial report filed pursuant to this regulation, becomes aware of facts that might have affected his or her report, the Commissioner notes the obligation of the accountant to take such action as prescribed in Volume 1, Section AU 561 of the Professional Standards of the AICPA.

7.11 Communication of Internal Control Related Matters Noted in an Audit

- A. In addition to the annual Audited financial report, each insurer shall furnish the commissioner with a written communication as to any unremediated material weaknesses in its Internal control over financial reporting noted during the audit. Such communication shall be prepared by the accountant within sixty (60) days after the filing of the annual Audited financial report, and shall contain a description of any unremediated material weakness (as the term material weakness is defined by Statement on Auditing Standard 60, Communication of Internal Control Related Matters Noted in an Audit, or its replacement) as of December 31 immediately preceding (so as to coincide with the Audited financial report discussed in § 4(A) of this Part in the insurer's Internal control over financial reporting noted by the accountant during the course of their audit of the financial statements. If no unremediated material weaknesses were noted, the communication should so state.
- B. The insurer is required to provide a description of remedial actions taken or proposed to correct unremediated material weaknesses, if such actions are not described in the accountant's communication.

7.12 Accountant's Letter of Qualifications

- A. The accountant shall furnish the insurer in connection with, and for inclusion in, the filing of the annual Audited financial report, a letter stating:
 - 1. That the accountant is independent with respect to the insurer and conforms to the standards of his or her profession as contained in the Code of Professional Ethics and pronouncements of the AICPA and the Rules of Professional Conduct of the Rhode Island Board of Public Accountancy, or similar code;
 - 2. The background and experience in general, and the experience in audits of insurers of the staff assigned to the engagement and whether each is

an independent certified public accountant. Nothing within this regulation shall be construed as prohibiting the accountant from utilizing such staff as he or she deems appropriate where use is consistent with the standards prescribed by generally accepted auditing standards;

3. That the accountant understands the annual Audited financial report and his or her opinion thereon will be filed in compliance with this regulation and that the commissioner will be relying on this information in the monitoring and regulation of the financial position of insurers;
4. That the accountant consents to the requirements of § 7.13 of this Part and that the accountant consents and agrees to make available for review by the commissioner, or the commissioner's designee or appointed agent, the workpapers, as defined in § 7.13 of this Part;
5. A representation that the accountant is properly licensed by an appropriate state licensing authority and is a member in good standing in the AICPA; and
6. A representation that the accountant is in compliance with the requirements of § 7.7 of this Part.

7.13 Definition, Availability and Maintenance of Independent Certified Public Accountant Workpapers

- A. Workpapers are the records kept by the independent certified public accountant of the procedures followed, the tests performed, the information obtained, and the conclusions reached pertinent to the accountant's audit of the financial statements of an insurer. Workpapers, accordingly, may include audit planning documentation, work programs, analyses, memoranda, letters of confirmation and representation, abstracts of company documents and schedules or commentaries prepared or obtained by the independent certified public accountant in the course of his or her audit of the accountant's the financial statements of an insurer and which support his or her opinion.
- B. Every insurer required to file an Audited financial report pursuant to this regulation, shall require the accountant to make available for review by insurance department examiners, all workpapers prepared in the conduct of the accountant's audit and any communications related to the audit between the accountant and the insurer, at the offices of the insurer, at the insurance department or at any other reasonable place designated by the commissioner. The insurer shall require that the accountant retain the audit workpapers and communications until the insurance department has filed a report on examination covering the period of the audit but no longer than seven (7) years from the date of the audit report.

- C. In the conduct of the aforementioned periodic review by the insurance department examiners, it shall be agreed that photocopies or electronic copies of pertinent audit workpapers may be made and retained by the department. Such reviews by the department examiners shall be considered investigations and all working papers and communications obtained during the course of such investigations shall be afforded the same confidentiality as other examination workpapers generated by the department in accordance with R.I. Gen. Laws § 27-13.1-5.

7.14 Requirements for Audit Committees

- A. Section 7.14 of this Part shall not apply to foreign or alien insurers licensed in this state or an insurer that is a SOX Compliant Entity or a direct or indirect wholly-owned subsidiary of a SOX Compliant Entity.
1. The Audit committee shall be directly responsible for the appointment, compensation and oversight of the work of any accountant (including resolution of disagreements between management and the accountant regarding financial reporting) for the purpose of preparing or issuing the Audited financial report or related work pursuant to this regulation. Each accountant shall report directly to the Audit committee.
 2. The Audit committee of an insurer or Group of insurers shall be responsible for overseeing the insurer's Internal audit function and granting the person or persons performing the function suitable authority and resources to fulfill their responsibilities if required by § 7.15 of this Part.
 3. Each member of the Audit committee shall be a member of the board of directors of the insurer or a member of the board of directors of an entity elected pursuant to §§ 7.14(A)(6) and 7.3(A)(3) of this Part.
 4. In order to be considered independent for purposes of this § 7.14 of this Part, a member of the Audit committee may not, other than in his or her capacity as a member of the Audit committee, the board of directors, or any other board committee, accept any consulting, advisory or other compensatory fee from the entity or be an affiliated person of the entity or any subsidiary thereof. However, if law requires board participation by otherwise non-independent members, that law shall prevail and such members may participate in the Audit committee and be designated as independent for Audit committee purposes, unless they are an officer or employee of the insurer or one of its affiliates.
 5. If a member of the Audit committee ceases to be independent for reasons outside the member's reasonable control, that person, with notice by the responsible entity to the state, may remain an Audit committee member of the responsible entity until the earlier of the next annual meeting of the

responsible entity or one year from the occurrence of the event that caused the member to be no longer independent.

6. To exercise the election of the controlling person to designate the Audit committee for purposes of this regulation, the ultimate controlling person shall provide written notice to the commissioners of the affected insurers. Notification shall be made timely prior to the issuance of the statutory audit report and include a description of the basis for the election. The election can be changed through notice to the commissioner by the insurer, which shall include a description of the basis for the change. The election shall remain in effect for perpetuity, until rescinded.

 - c. Other material written communications between the accountant and the management of the insurer, such as any management letter or schedule of unadjusted differences.
8. If an insurer is a member of an insurance holding company system, the reports required by § 7.14(A)(7) of this Part may be provided to the Audit committee on an aggregate basis for insurers in the holding company system, provided that any substantial differences among insurers in the system are identified to the Audit committee.
9. The proportion of independent Audit committee members shall meet or exceed the following criteria:

- a. The commissioner has authority afforded by state law to require the entity's board to enact improvements to the independence of the Audit committee membership if the insurer is in a RBC action level event, meets one or more of the standards of an insurer deemed to be in hazardous financial condition, or otherwise exhibits qualities of a troubled insurer.
 - b. All insurers with less than \$500,000,000 in prior year direct written and assumed premiums are encouraged to structure their Audit committees with at least a supermajority of independent Audit committee members.
 - c. Prior calendar year direct written and assumed premiums shall be the combined total of direct premiums and assumed premiums from non-affiliates for the reporting entities.
10. An insurer with direct written and assumed premium, excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than \$500,000,000 may make application to the commissioner for a waiver from the § 7.14 of this Part requirements based upon hardship. The insurer shall file, with its annual statement filing, the approval for relief from § 7.14 of this Part with the states that it is licensed in or doing business in and the NAIC. If the nondomestic state accepts electronic filing with the NAIC, the insurer shall file the approval in an electronic format acceptable to the NAIC.

7.15 Internal Audit Function Requirements

A. Exemption

1. An insurer is exempt from the requirements of § 7.15 of this Part if:
- a. The insurer has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than \$500,000,000; or,
 - b. If the insurer is a member of a Group of insurers that has annual direct written and unaffiliated assumed premium including international direct and assumed premium, but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than \$1,000,000,000.

2. Note: An insurer or Group of insurers exempt from the requirements of this § 7.15 of this Part is encouraged, but not required, to conduct a review of the insurer business type, sources of capital, and other risk factors to determine whether an Internal audit function is warranted. The potential benefits of an Internal audit function should be assessed and compared against the estimated costs.
- B. Function – The insurer or Group of insurers shall establish an Internal audit function providing independent, objective and reasonable assurance to the Audit committee and insurer management regarding the insurer’s governance, risk management and internal controls. This assurance shall be provided by performing general and specific audits, reviews and tests and by employing other techniques deemed necessary to protect assets, evaluate control effectiveness and efficiency, and evaluate compliance with policies and regulations.
 - C. Independence – In order to ensure that internal auditors remain objective, the Internal audit function must be organizationally independent. Specifically, the Internal audit function will not defer ultimate judgment on audit matters to others, and shall appoint an individual to head the Internal audit function who will have direct and unrestricted access to the board of directors. Organizational independence does not preclude dual-reporting relationships.
 - D. Reporting – The head of the Internal audit function shall report to the Audit committee regularly, but no less than annually, on the periodic audit plan, factors that may adversely impact the Internal audit function’s independence or effectiveness, material findings from completed audits and the appropriateness of corrective actions implemented by management as a result of audit findings.
 - E. Additional Requirements – If an insurer is a member of an insurance holding company system or included in a Group of insurers, the insurer may satisfy the Internal audit function requirements set forth in § 7.15 of this Part at the ultimate controlling parent level, an intermediate holding company level or the individual legal entity level.

7.16 Conduct of Insurer in Connection with the Preparation of Required Reports and Documents

- A. No director or officer of an insurer shall, directly or indirectly:
 1. Make or cause to be made a materially false or misleading statement to an accountant in connection with any audit, review or communication required under this regulation; or
 2. Omit to state, or cause another person to omit to state, any material fact necessary in order to make statements made, in light of the circumstances under which the statements were made, not misleading to an accountant

in connection with any audit, review or communication required under this regulation.

- B. No officer or director of an insurer, or any other person acting under the direction thereof, shall directly or indirectly take any action to coerce, manipulate, mislead or fraudulently influence any accountant engaged in the performance of an audit pursuant to this regulation if that person knew or should have known that the action, if successful, could result in rendering the insurer's financial statements materially misleading.
- C. For purposes of § 7.16(B) of this Part, actions that, "if successful, could result in rendering the insurer's financial statements materially misleading" include, but are not limited to, actions taken at any time with respect to the professional engagement period to coerce, manipulate, mislead or fraudulently influence an accountant:
 - 1. To issue or reissue a report on an insurer's financial statements that is not warranted in the circumstances (due to material violations of statutory accounting principles prescribed by the commissioner, generally accepted auditing standards, or other professional or regulatory standards);
 - 2. Not to perform audit, review or other procedures required by generally accepted auditing standards or other professional standards;
 - 3. Not to withdraw an issued report; or

The report shall be filed with the commissioner along with the Communication of Internal Control Related Matters Noted in an Audit described under § 7.11 of this Part. Management's Report of Internal Control over Financial Reporting shall be as of December 31 immediately preceding.
- B. Notwithstanding the premium threshold in § 7.17(A) of this Part, the commissioner may require an insurer to file Management's Report of Internal Control over Financial Reporting if the insurer is in any RBC level event, or meets any one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in R.I. Gen. Laws § 27-14.2-2.

- C. An insurer or a Group of insurers that is

 4. A member of a holding company system whose parent is not directly subject to Section 404 but is a SOX Compliant Entity; may file its or its parent's Section 404 Report and an addendum in satisfaction of this § 7.16 of this Part requirement provided that those internal controls of the insurer or Group of insurers having a material impact on the preparation of the insurer's or Group of insurers' audited statutory financial statements (those items included in § 7.5(B)(2)-(7) of this Part) were included in the scope of the Section 404 Report. The addendum shall be a positive statement by management that there are no material processes with respect to the preparation of the insurer's or Group of insurers' audited statutory financial statements (those items included in § 7.5(B)(2)-(7) of this Part) excluded from the Section 404 Report. If there are internal controls of the insurer or Group of insurers that have a material impact on the preparation of the insurer's or Group of insurers' audited statutory financial statements and those internal controls were not included in the scope of the Section 404 Report, the insurer or Group of insurers may either file (i) a report under § 7.17 of this Part, or (ii) the Section 404 Report and a report under § 7.17 of this Part for those internal controls that have a material impact on the preparation of the insurer's or Group of insurers' audited statutory financial statements not covered by the Section 404 Report.
- D. Management's Report of Internal Control over Financial Reporting shall include:
1. A statement that management is responsible for establishing and maintaining adequate Internal control over financial reporting;
 2. A statement that management has established Internal control over financial reporting and an assertion, to the best of management's knowledge and belief, after diligent inquiry, as to whether its Internal control over financial reporting is effective to provide reasonable assurance regarding the reliability of financial statements in accordance with statutory accounting principles;
 3. A statement that briefly describes the approach or processes by which management evaluated the effectiveness of its Internal control over financial reporting; and

4. A statement that briefly describes the scope of work that is included and whether any internal controls were excluded;

 6. A statement regarding the inherent limitations of internal control systems; and
 7. Signatures of the chief executive officer and the chief financial officer (or equivalent position/title).
- E. Management shall document and make available upon financial condition examination the basis upon which its assertions, required in § 7.17(D) of this Part, are made. Management may base its assertions, in part, upon its review, monitoring and testing of internal controls undertaken in the normal course of its activities.
1. Management shall have discretion as to the nature of the internal control framework used, and the nature and extent of documentation, in order to make its assertion in a cost effective manner and, as such, may include assembly of or reference to existing documentation.
