

**RULES AND REGULATIONS RELATING TO LABOR STANDARDS FOR THE
REGISTRATION OF APPRENTICESHIP PROGRAMS UNDER TITLE 28, CHAPTER 45**

APPRENTICESHIP PROGRAMS IN TRADE & INDUSTRY

Section 1. Purpose and Scope -

(a) Title 28, Chapter 45, authorizes the Rhode Island Apprenticeship Council to formulate and promote the furtherance of labor standards necessary to safeguard the welfare of apprentices and to extend the application of such standards by requiring the inclusion thereof in contracts of apprenticeship.

(b) The purpose of this regulation is to set forth labor standards to safeguard the welfare of apprentices, and to extend the application of such standards by prescribing rules and regulations concerning the registration of acceptable apprenticeship programs. These labor standards, rules and regulations cover the registration, termination and deregistration of apprenticeship programs and of apprenticeship agreements and matters relating thereto.

(c) The provisions of this regulation shall apply to a person, firm, corporation or craft only after such person, firm, corporation or craft has voluntarily elected to conform to its provisions.

Section 2. Definitions -

As used in this regulation:

a. "Council" means the Rhode Island Apprenticeship and Training Council approved and recognized by the Office of Apprenticeship, United States Department of Labor.

b. "Apprentice" means a person participating, through employment, in an approved schedule requiring not less than 2,000 hours of on-the-job work experience supplemented by related instruction and who is a party of an apprenticeship agreement registered with the Council.

c. "Apprenticeship Agreement" means a written agreement which conforms to standards established under Title 28, Chapter 45 and this regulation and is entered into between an apprentice and either (1) an employer, (2) an association of employers, (3) an organization of employees, or (4) a joint committee representing employers and employees.

d. "Apprenticeship Program" means a plan containing all terms and conditions for the qualification, recruitment, selection, employment and training of apprentices, including such matters as the requirements for a written apprenticeship agreement.

e. "Apprenticeship Standard" means the written document which sets forth the minimum labor standards required by law for training apprentices in a specified industry, area or plant. By reference, it is a part of the apprenticeship agreement. There are two basic types of standards - one providing for joint employer-union participation in the program and the second, referred to as unilateral standards, where responsibility for the apprenticeship is assumed by either management or organized labor, but not both. Normally, unilateral

programs are sponsored by single employers.

f. "Sponsor" means any person, firm, association, committee, or organization or corporation that has a physical presence located within the State of Rhode Island with a recognized capability to operate an apprenticeship program and in whose name the program is approved and registered.

g. "Employer" means any person or organization employing an apprentice whether or not such person or organization is a party to an apprenticeship agreement with the apprentice.

h. "Apprenticeship Committee" means those persons designated by the sponsor to act for it in the administration of the program. A committee may be "joint", i.e., it is composed of an equal number of representatives of the employer(s) and of the employees represented by a bona fide collective bargaining agent(s) and has been established to conduct, operate, or administer an apprenticeship program and enter into apprenticeship agreements with apprentices. A committee may be "unilateral" or "non-joint" and shall mean a program sponsor in which a bona fide collective bargaining agent is not a participant; it includes an individual non-joint sponsor and a group non-joint sponsor.

i. "Related Instruction" means an organized and systematic form of instruction designated to provide the apprentice with knowledge of the theoretical and technical subjects related to his/her trade.

j. "Registration of an Apprenticeship Program" means the acceptance and recording of such program by the Council as meeting the basic standards and requirements of the Council for approval of such program. Approval is evidenced by a certificate of registration or other written indicia.

k. "Registration of an Apprenticeship Agreement" means the acceptance and recording thereof by the Council as evidence of the participation of the apprentice in a particular registered apprenticeship program.

Section 3. Eligibility and Procedure for Council Registration -

a. No apprenticeship program or agreement shall be eligible for Council registration unless it is in conformity with the requirements of Title 28, Chapter 45 of this regulation, and the training is in an apprenticeable occupation requiring not less than 2,000 hours of on-job-work experience and the characteristics set forth in Title 28, Chapter 45.

b. Apprentices must be individually registered under a registered program. Such registration shall be effected by filing copies of each apprenticeship agreement with the Council. Registration shall be reserved for those desiring to learn a trade/occupation through reasonably continuous employment. Agreements shall not be registered for persons desiring only interim work or employed on a substantially shorter work week than is prevailing in the industry. This, however, does not apply to students pursuing a course of study in the same trade/occupation or closely related to the trade/occupation for which application is being made for registration.

c. The Council shall be notified promptly of the termination or suspension of any

apprenticeship agreement, with cause for same, and of apprenticeship completions.

d. Approved apprenticeship programs shall be accorded registration, evidenced by a certificate of registration.

e. Any modification(s) or change(s) to registered standards shall be promptly submitted to the Council, and if approved, shall be recorded and acknowledged as a revision of such standards.

f. The request for registration, together with all documents and data required by Title 28, Chapter 45 and this regulation, shall be submitted to the Council.

g. Under a program proposed for registration by an employer or employers' association, where the standards, collective bargaining agreement or other instrument, provides for participation by a union in any matter in the operation of the substantive matters of the apprenticeship program, and such participation is exercised, written acknowledgement of union agreement or "no objection" to the registration is required. Where no such participation is evidenced and practiced, the employer or employers' association shall simultaneously furnish to the union, if any, which is the collective bargaining agent of the employees to be trained, a copy of its application for registration and of the apprenticeship program. The Council shall provide a reasonable time period of not less than 30 days nor more than 60 days for receipt of union comments, if any, before final action on the application for registration and/or approval.

h. Where the employees to be trained have no collective bargaining agent, an apprenticeship program may be proposed for registration by an employer or group of employers.

i. If the sponsor is involved in any abnormal labor condition such as a strike, lockout, or other similar condition, the application for an apprenticeship program may be withheld until such issue is resolved.

j. If it should be determined by the Council that a sponsor is in violation of any Federal or State Labor laws or rules and regulations affecting registration of programs, the application for an apprenticeship program may be withheld until such issues are resolved.

k. If the Council determines that a registered sponsor has violated any SAC program requirement, the Council may suspend the apprenticeship registration for a six (6) month period after notice and hearing.

Deregistration of a program may be effected upon the voluntary action of the sponsor by a request for cancellation of the registration or, upon reasonable cause, by the Council, instituting formal deregistration proceedings in accordance with the provisions of this regulation.

a. REQUEST BY SPONSOR. The Council may cancel the registration of an apprenticeship program by a written acknowledgement of such request stating, but not limited to, the following:

1. The registration is cancelled at sponsor's request, and giving the effective date of such cancellation; and
2. That, within 15 workdays of the date of the acknowledgement, the sponsor must notify all apprentices, of such cancellation and the effective date; that such cancellation

automatically deprives the apprentice of his/her individual registration.

b. Deregistration by Council

1. Deregistration proceedings may be undertaken when the apprenticeship program is not conducted, operated, or administered in accordance with the registered standards or the requirements of Title 28, Chapter 45, or this regulation.

In each case in which deregistration is ordered, the Council shall notify the sponsor.

8. Every order of deregistration shall contain a provision that the sponsor shall, within 15 workdays of the effective date of the order, notify all registered apprentices of the deregistration of the program, the effective date, and that such action automatically deprives the apprentice of his/her individual registration.
