## ***INTRODUCTION***

These *Rules and Regulations Related to the Licensure of Hearing Aid Dealers and Fitters* are promulgated pursuant to the authority conferred under Chapters 42-35 and 5-49 of the General Laws of Rhode Island, as amended, and are adopted for the purpose of establishing prevailing standards for the licensure of hearing aid dealers and fitters in this state.

Pursuant to the provisions of section 42-35-3(c) of the General Laws of Rhode Island, as amended, consideration was given in arriving at the regulations to: (1) alternative approaches to the regulations; (2) duplication or overlap with state regulations, by referencing all applicable laws; and (3) significant economic impact on small business, as defined in Chapter 42-35 of the General Laws, as amended, which could result from the regulations.

No alternative approach, no known overlap or duplication, nor any significant economic impact was identified. Therefore, these regulations are adopted in the best interest of the health and safety of the public.

These rules and regulations shall supersede any previous rules and regulations related to the licensure of hearing aid dealers and fitters promulgated by the Department of Health and filed with the Secretary of State.
