

PASCOAG UTILITY DISTRICT - BOARD OF UTILITY COMMISSIONERS

The Electric Subcommittee of the Pascoag Utility District Board of Utility Commissioners held a meeting on Tuesday, May 29, 2007 in the District office, 253 Pascoag Main Street, Pascoag, RI.

Members Present: William Mageau, Ann Polacek

Members Absent: Thomas Partridge

Also in attendance: William Bernstein, General Counsel; Theodore Garille, General Manager

Commissioner Ann Polacek opened the meeting at 5:31 pm.

1. Discussion on Demand Tariff

Mr. Garille gave an overview on the demand ratchet tariff on file with the RI PUC, and the billing impact on one of the industrial customers. He noted that National Grid has the same type of tariff in place which affects PUD. He added that since National Grid charges Pascoag, if Pascoag did not charge the customers responsible for the demand all the other customers would be responsible for payment. There was discussion on the industrial customers and efforts to explain the tariff. Mr. Garille noted that the RI Division of Public Utilities and Carriers' opinion was that the tariff is appropriate for all industrial

customers.

2. Adjournment

Mr. Mageau made a motion to adjourn, which was seconded by Mrs. Polacek. The vote in favor was unanimous. Mrs. Polacek adjourned the meeting at 5:52 pm.

Brian Choiniere, Secretary
Board of Utility Commissioners

Sharon McDonald, Recording Secretary
