 - Request Power-Point Presentation

 - Perry Sullivan Money \$6.1 million for the current year. A portion of that money was used. 700,000 used in 2015-2016? – not sure what it what used for. Hard to know moving forward because of the issues with UHIP. Useful to amend that law to have annual reporting on that money. As a council, we could propose that legislation.
- Nursing Homes Regulatory Update:**
 - 6 surveys completed: 1 harm citation: residents lost a significant amount of weight: they imposed \$11,000 fine: Steer House
 - Follow up: 6 visits: prior citations have been corrected: no new concerns
 - 6 complaint investigations: no negative findings
 - Moving forward we will move to every other month reporting unless there is a harm citation
 - New survey process has begun and it is going well so far.
 - DOH needs to provide an Annual Report and it has been requested.
- Transportation Report: Mario Olivieri & Edmundo Donatin**
 - Provider late is the main reason for complaints
 - They are bringing the providers in and
 - Q: Are the numbers higher or lower since the beginning? A: The program is more accessible and there are more trips and riders.
 - Fraud Detected: 2 types, transporter fraud or rider fraud: pre & post audit, it is being recorded and reported. **It is reported to the Office of ???**. There is review process for the standing orders.
 - Member Fraud cases are under investigation.
 - Medicaid rides: what % is RIPTA: 23% is RIPTA
 - Sensitivity Training is done before any driver comes on board. Working with Kathy Heren for continuing training. If there is a complaint, they we require actions to change and retake the training.

- h. Starting dementia training into our training. Laurie Mantz will be doing the training.
- i. Post Trip Survey is an automated phone call. Call is to the rider. All the questions are asked. Not everyone takes the survey and not everyone completes it.
- j. Next report to show the number of calls that were made whether or not they took the survey.
- k. BCI are required for all drivers.
- l. We need to encourage riders to call in their complaints. LogistiCare takes it seriously, especially for safety issue. EOHHS will also field calls for complaints and ensure that a formal complaint is filed with LogistiCare.
- m. Meeting last Wednesday of January at the Alliance at 10:30am. Will resume every 3 months.
- n. Complaints will be outsourced and report to LogistiCare. They will capture the complaints. Any complaints against LogistiCare, they will do the investigation. A third party will be watching over LogistiCare. Still in the technical setup.
- o. Fragile Elderly are afraid that it will affect their future trip. LogistiCare has encouraged them to get help with file a complaint to relieve the fear.
- p. A representative can file the complaints for the riders. It does add efficiency as well when the person filing the complaint is better at communicating.

6. ICI Report: Dawn Allen

- a. Request Power-Point Presentation
- b. March passive enrollment for Integrity is being held to allow NHP to focus on their current members. You will still be able to enroll if you choose to.
- c. Opt-out rates are dropping, we believe this is due to more education.
- d. Not sure if there have been any paper applications.
- e. Nursing Home opt-out: any particular reason. Most people say they are happy with their current coverage. They could be in unity.

 - i. Medicare part B: increase for people on a lower income spectrum
