The motion was seconded by James Pinel. The board voted unanimously to decline the request.

6. Public Comment

- a. Judith Drew from Salve Regina University questioned the board about when students are eligible to begin the prerequisite 2000 hours of supervised work experience.
 - i. Arlene Hartwell noted that the application specifies that the 2000 hours of supervised work experience is post – graduate, meaning that once students have graduated, they can begin the 2000 hours of supervised work experience.
 - ii. Ms. Drew stated that there is confusion among the students who think that they need 60 credits prior to beginning the supervised work experience. Terrance Giblin stated that the credit requirement varies from program to program and that supervised work experience begins once an individual had graduated from a program, regardless of number of credits. Noelle Harris suggested that all programs have uniform credit requirements. Ms. Drew acknowledged that Salve Regina is moving toward a 60 credit program and distributed a flyer containing information about a 60 credit M.A. in Clinical Rehabilitation and Mental Health Counseling being offered at Salve Regina University.
