The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk

Mr. Ogando displayed a lack of insight into his motivation or understanding of his crimes or victim empathy and, in doing so, minimized his responsibility for same. His presentation in this regard is very concerning so the Board votes to deny parole at this time as we cannot state that he could remain at liberty without violating the law. In addition to parole him at this stage would undermine the gravity of his offenses. We will reconsider him in October 2017 and he
