094153 GOMES JOHN M DOB: 05/31/1970 - DENIED

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board votes to deny parole at this time to allow Mr. Gomes an opportunity

In light of this as well as his criminal history and

to

parole him now would promote disrespect for the law and the Board cannot state that he would remain at liberty without violating the law. We will reconsider him in December 2016.

094605 ISLAM SALIM A DOB: 06/10/1972 - DENIED

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board votes to deny parole based on the nature and circumstances of the offense, including the presence of children and loss of an innocent life as well as the manner of death, which in the Board's opinion included torture. Members also felt that Mr. Islam's presentation lacked insight into his state of mind at the time of the offense. We will reconsider him in five years (4/2021). The Chairperson dissents from the reconsideration vote as she would have reconsidered him in three years. (GTD: LIFE) MEDIUM VOTE: UNANIMOUS-Present; Pisaturo, Almeida, Nolan, Archibald

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board votes to deny parole in large part based on Mr. Pena's high risk to

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. In light of Mr. Roman's criminal record, lack of insight and poor attitude at hearing, the Board votes to deny parole without reconsideration. This vote seems to be consistent with Mr. Roman's own desire to flatten his sentence which he indicated when he exited the room. In totality the Board does not believe he is a good risk.
