120645 CHANTAVONG SOUNAI DOB: 08/15/1984 - PAROLED

The Board votes to parole Mr. Chantavong in October 2017.

The reason for the long staggered date the Board believes that he should serve additional time given the nature and seriousness of his offense. In addition the Board would like to allow for a significant time for him to make a transition to the community. Conditions of parole will include GPS for four months, with an approved home and job plan. However, in lieu of a job plan if Mr. Chantavong submits a plan involving Building Futures or other work training programs said plan may be administratively approved by the Chairperson.

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board votes to deny parole on the basis of the seriousness of the offense (as reflected in use of force/firearm, victim impact,

acknowledges that Mr. Drew has worked to positively change his life and gain greater insight into his violent history and xxxxxxxxxxxxxxxxxxxxxx. The Board also acknowledges the objection of the Attorney General and the violent and invasive nature of and circumstances surrounding his criminal offenses as well as his criminal history. In balance the Board believes that Mr. Drew should serve more time on this sentence and to parole him at this stage would undermine the seriousness of his offense. Accordingly, the Board is unanimous in its decision to deny parole but has a difference of opinion as to when to reconsider Mr. Drew. The final vote is to reconsider him in three years. assessment(s) and parole plan/request. The Board is impressed with Mr. Lavigne's insight and the work that he has done to improve himself as well as his presentation before the Board. In balance, his criminal history, the gravity of his robbery offenses (the number of offenses, use of a weapon as well as multiple victimizations) compels against parole at this time. We believe that to parole him at this stage would promote disrespect for the law and

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. In light of his extensive history, xxxxxxxxxxxxxxxxxxxxxx to date and the underlying facts of his case, which the Board takes very seriously, the Board votes to deny parole but we will reconsider him in August 2017. The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. In light of the nature and seriousness of his offense for child abuse, as well as the length of his sentence, the Board believes that it is premature to grant parole as it would diminish the seriousness of his crime. In addition, the Board notes that Mr. Thompson presents with limited insight displayed at hearing into the gravity of his offense.
