**the nature and seriousness of his offense including the use of a weapon and the number of victims impacted. In addition the Board is concerned with the nature of his offense and his criminal history for sexual assault. We will deny parole at this time on grounds that it would promote disrespect for the law and undermine the seriousness of his offense. We will, however, reconsider him in October 2019.**

**The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board found Mr. Hernandez's account of the crime xxxxxxxxxxxxxxxxxxxxxxxx at hearing and in direct contrast of the police report. He reflected some limited insight and significantly distanced himself from the offense. In light of all this the Board votes to deny parole without reconsideration. The Board believes that to parole him under these circumstances would not only promote disrespect for the law and undermine the**

**The Board considered information reflecting both static and**

**dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board votes to deny parole at this time. The basis for the denial is the nature and seriousness of Mr. McDonald's offense especially in light of his criminal history for prior firearms offense and robbery. He has had a prior opportunity on parole and reflected some limited insight at hearing with respect to concrete steps that he will need to take in order to change his pattern of criminal thinking, criminal associates and criminal behavior. We believe that to parole him under all of these circumstances would promote disrespect for the law and also believe that he is at higher risk to reoffend. We will reconsider him in eighteen months (10/2018).**
