DENIED

535645 BERMUDEZ JULIO A DOB: 02/07/1977 - DENIED

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. Mr. Bermudez takes responsibility for violating a no contact order on several occasions, but did spend time at hearing blaming the victim and minimizing his actions. The Board is concerned with this as well as his impulse control and criminal history. This does not give the Board much confidence that he can remain at liberty without violating the law. We vote to deny parole without reconsideration on the basis that it would promote disrespect for the law and we cannot state that he could remain at liberty without violating it. We

encourage him
