**142700 ANTIGUA ARIEL DOB: 06/01/1984 - DENIED**

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board finds as an aggravating factor Mr. Antigua's lack of insight into the impact of his crime on our community, his intentionally selling fentanyl to the community, without regard as to whether or not children were impacted and his lack of remorse and personal responsibility during discussion with

**the Board. We believe that to parole him under these circumstances would promote disrespect for the law and undermine the seriousness of his offense. We also cannot state that he can remain at liberty without violating the law in light of this very limited insight. He will flatten**

**his sentence. (GTD:5/20/19) MEDIUM VOTE:**

**The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. Mr. Aquino presents well and the Board appreciates its discussion with respect to his goals. However, he presents without a sufficient or concrete parole plan for the Board to consider. In light of**

**this the Board cannot state that he can take his place in our community and remain at liberty without violating the law. Accordingly, we will deny him on this ground, but allow him to work on this and present to the Board in three months (11/2017). In light of the nature of his current charges and these other circumstances the Board is hard pressed to grant him early release through parole, and so we will deny parole without reconsideration. **095996 BYRD ANTHONY P DOB: 06/10/1975 - DENIED**

**The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board votes to deny parole at this time, but we will reconsider Mr. Byrd in August 2018. He presents to us as a moderate risk and we find as aggravating factors his pattern of probation non-compliance as presented in his numerous offenses committed while on probation, many of which are assaultive in nature. In addition he is lacking a concrete parole plan and poor social supports in the community. We do not find that he is a good candidate for parole at this time and cannot state that he can remain at liberty without violating the law. We encourage him** xxxxxxxxxxxxxxxxxxxxxxxxxxxxxx

The Board votes to deny parole at this time based on the serious nature of Mr. Carbajal's offense especially in light of his prior history of felony assault. **The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board votes to**

deny parole given the nature and seriousness of the offense as well as his criminal history. The Board believes that he should serve more time otherwise it would promote disrespect for the law. The Board is also concerned with its discussion with Mr. Chakouian at hearing in which he presented with some limited insight into the degree of personal responsibility for his prior offense of Child Abuse. That said we will reconsider him in February 2018
