The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board appreciates Mr. Bassignani's budding insight as reflected at hearing, but at this stage we will deny parole in light of the nature and seriousness of the offense, his criminal history for robbery, burglary and ADW, we believe he should serve more time. Otherwise to parole him now would promote disrespect for the law. In light of his presentation xxxx
