DENIED

089493 JOHNSON THOMAS C DOB: 03/27/1950 - DENIED

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. Mr. Johnson maintains his innocence before the Board and this may very well be his right especially since he has Post Conviction Relief pending, he proceeded to hearing before the Board. The Board finds that he lacked credibility and he also presented as argumentative. He takes no responsibility for virtually any of his actions on the evening of this murder. Due to the seriousness of the offense, including the manner of death and the loss of an innocent life, as well as the presence of children in the home at the time, the Board believes that he should serve more time. Otherwise to
