The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. deny parole. The Board believes that in light of all of these considerations parole at this stage would not only depreciate the severity of the offense, but promote disrespect for the law and, given her limited insight, we cannot state that she can stay at liberty without violating the law. She will flatten her sentence. (GTD: 5/25/20)

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. In light of Ms. Turillo's prior non-compliance with parole, as well as her non-compliance on probation, the Board votes to deny parole as we find that these are aggravating factors to her risk assessment. She will flatten her sentence. (GTD:3/14/18)
