**560498 INGRAM KENJI D DOB: 01/31/1978 - DENIED**

**The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board commends Mr. Ingram but remains concerned with his history for violence and believes that he is a moderate to high risk to reoffend. The Board notes that his parole risk assessment does not appear to take into consideration his out-of-state record for an additional felony conviction as well as assaultive conduct. We will deny parole today, but will reconsider him closer to the expiration of his sentence. We will see him in August 2018. **146242 MANN DANTE DOB: 08/04/1993 - DENIED**

**The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. Mr. Mann scores high on our risk assessment which does not seem to factor in his First Degree Robbery conviction as a juvenile and so this is concerning. The Board finds as an aggravating factor the repetitive nature of his offense and notes that he was on Home Confinement when he committed this crime. The Board also has concerns with respect with Mr. Mann's home plan**

through the Parole Board for our consideration, and we will see him again in three months (5/2018) for these purposes. (GTD: 9/2/20) MEDIUM VOTE: UNANIMOUS-Present; Pisaturo, Almeida, Cade, Cepeda

513371 WEAH ALOYSIUS C      DOB: 04/15/1979 - DENIED

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. Mr. Weah's crime include a Breaking/Entering which should be considered with his risk assessment score. In light of the nature and seriousness of this offense including the use of a weapon, the degree of sexual violence along with the Breaking and Entering, the Board votes to deny parole but we will reconsider Mr. Weah in January 2019. We acknowledge that he has come a long way

Without a majority, there is no finding on the violation and his parole to his next sentence is therefore, affirmed. Parole is contingent upon this offender remaining booking free and in any program or educational course in which he is currently enrolled. During any period he
