The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. Mr. Littlejohn reflects limited insight and is very short on specifics as to concrete steps that he will take to change his extensive pattern of criminal behavior. The Board is concerned with

his history for domestic violence, as well as his history for violent offenses. At this stage we will deny parole due to the seriousness of his multiple offenses, one of which he committed while he was out on bail, but we will

reconsider him in September 2018.

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board votes to deny parole without reconsideration. The Board members find

as aggravating factors Mr. Rogers' failure on probation, as well as his lengthy history for domestic violence. We cannot state that he could remain at liberty without violating the law and believe that to parole him from this sentence would promote disrespect for the law.
