DOB: 09/13/1996 - DENIED

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board commends Mr. Bueno xxxxxxxxxxxxxxxxxxxxxx. In balance, the Board is concerned with the very serious nature of this offense, including that it was in concert with others and included the use of a weapon. xxx
xx. At this stage we

vote

to deny parole, but will reconsider him in January 2019.

The Board believes that to parole him now would undermine the seriousness of his actions and promote disrespect for the law.

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. The Board commends Mr. Restrepo on improvements he has made to his record thus far. The Board does have concerns for his risk to reoffend. Given his criminal history his overall disciplinary record, and the nature of the current offense. XXXXXXXXXXXXXXXXXXXXXXX

**The Board considered information reflecting both static and
dynamic indicators including, but not limited to, criminal
history, police reports(s), institutional record, risk
assessment(s) and parole plan/request. The Board notes that
Mr. Silvia's risk score does not take into account his
prior felony conviction or his status on parole at the time
of admission for this new offense. The Board finds as an
aggravating factor his prior failure on parole and believes
that he should serve more time, otherwise it would
undermine the seriousness of his offense and promote
disrespect for the law. We deny parole at this time, but
will reconsider him in September 2019. (GTD:6/16/23) MEDIUM
