DOB: 10/19/1970 - DENIED

The Board considered information reflecting both static and

dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. Mr. Carillo is before the Board for reconsideration after returning as a Parole Violator. We note that his risk score is high under our new scoring scheme given his prior criminal history as well as the fact that he returned on a parole violation. In light of totality of all circumstances, as well as his track record, the Board votes to deny parole without reconsideration as we cannot state that he can remain at liberty without violating the law. Major Perez dissents and finds him parolable to his home and work plan as well as treatment in the community. (GTD: 2/18/19) VOTE: YES; Pisaturo, Armesto, Cepeda DISSENT: Perez

The Board considered information reflecting both static and dynamic indicators including, but not limited to, criminal history, police reports(s), institutional record, risk assessment(s) and parole plan/request. Mr. Ferrara is serving his fourth incarceration and has a concerning history for firearms, assault and drug related offenses. This includes a conviction in the Federal Court in 2005 for being a felon in possession of a firearm for which he

served thirty months. He was on probation when he committed

In the minds of two Board members this reflects no intent to change his lifestyle and all Board members vote to deny parole at this time as it would depreciate the seriousness of the crime and undermine respect for the law. The Board is split on to whether or not to reconsider Mr. Ferrara with two Board members voting to flatten his sentence. That said, under our guidelines we will default to reconsideration and he will be reconsidered in two years (4/2020). xxx
