Superintendent's Personnel Recommendations (#S2012-46)

Paul S. asked if A4 and A7 are the same person. Melinda T. explained

that the person began the year as a sub and moved into a part-time position in the classroom. In the interim, the district advertised for an SLO support assistant which this person did interview for. Her credentials showed her to be qualified for the SLO position. The personnel recommendations needed to show this progression contractually to give this person a pathway back to the original position as the SLO support assistant may not exist next year. Bill O. asked where the funding was coming from for this position, and Pauline responded that it will go under the general fund, program code, Special Ed. Diana C. asked for clarification on the responsibilities of a Student Learning Outcome Assistant. Melinda T. responded that they work the entire day with the classroom teacher and students thereby helping to offset the larger classroom environment. These individuals have a stronger academic background with Associates or Bachelor's degree. These are pilot positions.
