Member Reports

Andrew Webb mentioned he had to question Roberta Engel where the tools used for the Crawley work party on Earth Day were stored.

Denise Poyer explained that she would bring a few items in to store in the orange backpack that will be used when any of the trustees venture out onto a property. It will have such items as compass, shears, bug repellent, sunscreen and other items that might be of use when out in the field. So everyone may use the bag when needed, Chuck will store at his barn so there is easy access.

Chuck More reported that he had mowed the kiosk area at the Crawley Preserve and also attempted to enforce the Land Trust's request that all dogs be leashed.

Election of Clerk

6:22 pm It should be noted that the clerk position has been eliminated from the FY 10-11 budget therefore, a clerk will be elected to fill the remaining 2010 term. After a brief discussion, the trustees nominated Roberta Engel and she accepted.

MOTION: Chuck More, 2nd Sandra Poirier to nominate and elect Roberta Engel as the Richmond Rural Preservation Land Trust Clerk.

Other

Denise Poyer recommended that the Land Trust meet once a month beginning with next month and meet for a span of 2 hours. The trustees all agreed with this recommendation.

A quote was received from Jackson Surveyors for proposed highlighting of markers that already exist on the Bradner Property. Linda Steere, Applied Bio-Systems, has also expressed interest in submitting a quote for this job. The consensus of all trustees is if Ms. Steere's quote is under \$500.00 they will ask her to perform this work.

Comprehensive Community Plan Elements

The trustees were all asked to review the copy of the Comprehensive Community Plan prior to attending tonight's meeting. The groups initial thoughts were that definitions of Open Space, Recreation, and Conservation Land need to be added to this report. Discussion regarding changes and/or additions or deletions took place for the remainder of the evening.
