

Warren Fire Department Minutes

The monthly meeting of the board of Fire engineers was held in the fire chiefs office on September 30,2014 at 7:00PM.

Members present were fire chief, Deputy chief blank, asst. chief remy, asst. chief miner, asst. chief sousa, captain asselin, chris Stanley and captain little.

All correspondence were handed out,

Under old business the fire chief stated that he started getting some gear back and pages, but still questions how much is still out there. The fire chief talked about trying again to get a grant for S.C.B.A.'s he thinks we might get some monies but not enough to replace all of them, talk was about doing the rest at next year's budget time.

Under new business the fire chief is looking for an up dated list of all members, the repeater system is still not on line is waiting for the new mobile's to come in.

No action taken on leave of absence. The fire chief stated that a law that was pass about joining fire and or police departments will now have to show that a back ground check has to be done before filling out an application to join either fire or rescue, he will have an S.O.P. done on this before it goes into place by 1-1-2015.

Under station reports, Rescue ask about the generator being moved out of the basement, the chief will look into this. Captain little ask if someone from the highway could look into the chimney at station 5

looks like it could have been hit by lighting, showing sign of cracks in it.

The fire chief ask chief miner to have the members at station 2 to kept an eye on the back parking lot during the winter months for any ice that might be there, chief miner ask that a bucket of sand be put in the back as well as in the front, he all so ask if they could shut down the walk through alongside the building so people will not get hurt if there is ice , chief will look into this.

Captain Asselin ask if the chief could look into getting more batteries for the life pak 12's, chief will check in to it.

Under training fire chief stated that Fire fighter 2 class has started in Bristol and that three of our members who completed firefighter 1 sign up for it.

On October 20 of this year recert class for EMT's will start.

Motion to Adjourn by chief remy second by captain Little , meeting was over by 8:05 PM.
