Brian Remy - Warren Sewer Commission, Chairman

David Johnson - Warren Sewer Commission

David Komieag - United Water Plant Manager

William Rabideau - Warren Sewer Commission

6:05 PM

Brian Remy brings meeting to order.

John Himlan speaks first on the following issues:

Contract #3

Allstate will perform CIP pipe lining on Market Street and Water Street after payment from requisition #5.

Flow Metering

flow meter data collection is now complete

Inflow Study

Woodard & Curran is planning to schedule a meeting with DEM to go over map showing building inspection summary.

Dye testing should begin around 8/15/08.

The inspection of 12 flat roof building will begin in September.

The inflow sources that have to date not been removed needs to be addressed.

Facility Plant Update

Woodard & Curran is planning to schedule public information meeting at the Town Council Meeting (tentatively October)

Woodard & Curran will do a workshop with the Town Manager in September.

Town Beach

Woodard & Curran has submitted a proposal for work needed to be done at the Town Beach.

Capacity Management

With the flow metering data, Woodard & Curran will start developing capacity management spreadsheet.

Woodard & Curran will also complete the ordinance.

Remaining SRF and STAG Grant Funds

Here are a few items that are in need

Chlorine Containment

Radio Communication for Pump Stations

Lining Sewers

Water Street/Town Beach Issue

Flow Meters

John Himlan tells the commission that Mike Schrader left Woodard & Curran on 8/1/08.

Dave Komiega tells the commission that Mr. John Lannon fixed the manhole that DEM called about which was right next to the bike path.

Locust Terrace is in much need of repair. This was due to when the sewer line was repaired the landscaping was never done so everything is over grown. Brian Remy tells Dave Komiega to call Mr. Jan Malik to see if the DPW can look at the job to see if they can help to flatten the areas with a back hoe.

582 Main Street is now repaired by ELJ Inc. there was roots in the line.

Regarding the bids for paving job on Child & Handy needs to be re advertised because the original bid was advertised wrong. Motion made to re advertise the bid. Second.

Meeting adjourn 7:25 PM
