Administrative Report

Alberto DeBurgo briefs the board on some of the happenings within the FSS Program. At this time the FSS Program is gearing up for the summer programs. This summer there will be two programs that will be available. One program is targeting 14-15 year olds, and the second will be for older teens. We have 45 applicants for these positions and we only have 24 available openings. There is a possibility for more monies to come into these programs which would enable us to employ more youths. We will keep the board informed. Reading buddies will be wrapping up at the end of the school year. We will keep this program on hiatus until we receive more funding. Parent workshops have also been on hiatus as our goal right now is to work with the youth in the community.
