**Presentation on Senior Center Proposal**

Gary Graham and Greg Spiess discussing the proposal for a new senior center. Initial impetus was to survey town space including existing spaces for senior center, library, Barrington Historical Center, and other town needs. Began to look at a broader community center near the YMCA facility. The current discussion is moving forward with connecting a community center to the YMCA on existing town conservation land in Veteran's Park. Questions from Conservation Committee about using conservation land for development (whether town or private development), configuration of space including building and parking, and connecting town space with membership driven institution. Other possible locations include Middle School site and former Zion Bible College (though privately owned).

## Town Council Update

Ongoing discussions about 139 George Street — off affordable housing list.
