Mr. George opened the meeting at 10:15 A.M. The purpose of this meeting was to discuss sewers with the residents of Bethany Lane. Mr. Jay Clark, treasurer of the Hidden Shores Home Owners Association, was the only resident present at the meeting.

Mr. Kane stated that Mr. George could participate in this discussion because it was for informational purposes only. However, if any action was to be taken, Mr. George would need to recuse himself, due to the fact that Mr. George's son owns property in the area to be discussed

Mr. Skerpan presented some background on the sewers in the surrounding areas of Bethany Lane. After some discussion, Mr. Clark was advised that the first step to be taken would be to hire an engineer who has experience in this field. Mr. Clark was also advised to look into all the alternatives to connecting into the sewer system. Mr. Clark was given the Rules and Regulation of the Commission and the application. He was advised that Article 16 would need to be addressed. Mr. Kane stated to Mr. Clark, if they were to tie into the sewer system the sewer use charge would be per each dwelling unit.

A motion was made by Mr. Wolfe to adjourn the meeting. The motion was seconded by Mr. George, so voted.

Respectfully Submitted,

Stacey Richard
Financial Aide
