Meeting called to order at 6:13p.m. by Juliette Lopez , Chair

Pine Harbor Recreation Path:

Tom Kravitz reviewed a preliminary plan for a recreation path at Pine Harbor that reaches from Wallum

Lake Rd to South Shore Rd.

Dave Marcotte expressed concerns about marking along the path to prevent individuals from walking

onto Pine Harbor resident's properties or wetland areas.

Discussed that this would not be considered public land, the path is private lands with a public easement.

Sharon Davies asked about maintenance of the path – Ben Dube would need to engage wildlife

management for ongoing maintenance.

Dave Marcotte asked why there actually is a public easement and the possibility of the option of a fee in

lieu of land. Tom Kravitz referenced the smaller size of the land in question and that a fee would be minimal.

Sharon David also asked about if Pine Harbor residents would be aware of this path. Tom Kravitz mentioned that the easement will be recorded in the finals plans.

Dave Marcotte makes a motion to go ahead with the plans for the recreation path at Pine Harbor with necessary signage. Sharon Davies seconds – motion passes.
