Moved by Mrs. Culhane; seconded by Mr. Traficante. Discussion. Mr. Traficante stated – I will be as brief as possible. At the beginning of the school year the chair of the school committee assigned each of the members of the School Committee to look at the policy books and to either delete or update the policies that have been in existence for years. I was assigned to the personnel policies so I met with Mr. Votto and Mrs. Coogan and we went over all of these policies. We are recommending tonight that 74 of the policies be deleted and we are also recommending that 10 or 12 of them be revised and that will take place at our October meeting. The reason why the polices are being
deleted is because any policy that was part of either state law or part of a collective bargaining agreement should be deleted; it should not be part of our policy books therefore that is why they are on the agenda tonight to be deleted. One that is being considered tonight for revision is the volunteer coaching policy and that will be addressed by the school committee later in the evening.

The roll was called; all were in favor.

NO. 13-9-13- RESOLVED, that at the recommendation of the School Committee, the following policy be amended:

#4112.7 – Cranston Public Schools Athletic Department Handbook (policy attached for first reading - changes are on page 15 of the handbook.)

NO. 13-9-14- RESOLVED, that at the recommendation of Mr. Colford and Mr. Traficante, policy #5117 be revised to policy #5117(a):

#5117(a) Revised Permit to Attend Non-Home School Policy (policy attached)

Moved by Mrs. Ruggieri; seconded by Mr. Traficante. Discussion.

Mrs. Ruggieri stated – I just want to make one comment and then one friendly amendment. The comment I am going to make it that is if this policy passes for tonight that parents who have children who are on these permits, really need to have that conversation every year with that child regarding the fact that there is a possibility, because this is only a one year permit their child’s permit may not be approved for
the following year and I know that was an issue for some people saying that they didn’t have that notice or they didn’t have that conversation. So I would just kind of recommend to parents that if your child is attending a school which is not their home school and these permits, while they don’t need to be renewed every year insofar as handing in information that you should be having that conversation.

The amendment that I would like to make would be regarding number 2 under the permit criteria and that would be that medical documentation must be presented and recertified each year so while we are not going to require the reapplication of a permit every year, that this medical documentation should be recertified and reapplied every year and that is a friendly amendment to #2.

Chairperson Iannazzi asked if that was accepted as a friendly amendment by the sponsors, Mr. Traficante and Mr. Colford. They were both in agreement.

Mrs. Culhane stated- I have one question about that. If the documentation was no longer upheld would then the parents have to reapply and how would that be worded? In other words, whatever the medical issue was had been resolved, would they still be allowed to continue on that permit?

Mrs. Ruggieri stated – it is my understanding that if they don’t meet the criteria that is set then they can go through the appeal process. If that is the reasoning for the permit and that no longer applies then they must meet the criteria that is set.

Chairperson Iannazzi stated – I would just like to thank Assistant
Superintendent Jeannine Nota-Masse for probably spending hundreds of hours over the last four months dealing with permits, also dealing with the brunt of parents’ criticism which wasn’t really fair to her but she rose to the challenge and has once again demonstrated the grace that she demonstrates on a daily basis. I do appreciate all of her work on this issue.

There being no further discussion the roll was called; all were in favor.

NO. 13-9-15- RESOLVED, that at the recommendation of the School Committee, the 2013-2014 Cranston School Committee Meetings and Work Session Schedule (as amended) be approved. (See attached – change in dates of November 13 to November 20; 6 p.m. start and November 18 to November 25; 5 p.m. special start time).

BUSINESS

PURCHASES AND PURCHASED SERVICES

NO. 13-9-17-RESOLVED, that the following purchase be approved:

Lumber in the amount of $5,602.02
Number of bids issued 5
Number of bids received 3

Moved by Mrs. Ruggieri; seconded by Mr. Traficante. Discussion.

Mrs. Ruggieri asked – what is the lumber for?

Mr. Balducci stated – Mostly the Career & Tech programs. It is being split up between two vendors. Basically a request comes in and my office tabulates, puts it out to bid, and this year we separated them based on the type of lumber being purchased between two vendors.

Mrs. Ruggieri stated – then I guess my follow up question for this might even be something Mr. Auth might need to deal with at some point is that when we are purchasing items, especially something for the Career and Tech Center that is being use for projects and things like that is there any kind of audit done as far as we are purchasing
$5,600 worth of wood. Is the flip side of that, we have actual invoices or something that can say, we actually used all of that wood for projects, that were student based projects and that kind of thing. I mean that would apply to any of the programs that we are purchasing things for.

Mr. Balducci stated – my office does an audit on every single school account, on every school program, every year. The Career & Tech, no different. We have begun the process of, using the Career & Tech as an example, we delve in a little bit deeper into one particular program. We did that with the Child Development program a couple of years back. Last year we did it with the Culinary program as well so they may be on our radar screen this year. So, again, it’s just to make sure, as you mentioned that the product is being used appropriately.

There being no further discussion the roll was called; all were in favor.

NO. 13-9-18-RESOLVED, that the following purchase be approved:

Supervise the sale of tickets and file a financial report following the contest.

Assist with home athletic contest, spectators, crowd control, injuries, and game responsibilities.
Duties of the Head Coach

Safety of the athletes is the primary responsibility of the Head Coach. The Head Coach shall also be responsible for the total program of
his/her sport. This includes varsity, junior varsity and freshman teams. Each head coach should establish a program development format for each level of play.

The Head Coach must be familiar with the rules and regulations of the Rhode Island Interscholastic League which is available on the league website: www.riil.org.

1. General Responsibilities:

$Attend the mandatory pre-season coaches meeting. Sport schedules and league rules will be clarified and established. This is an excellent opportunity to contact teams regarding junior varsity game schedules. Failure to attend this meeting will result in a fine from the RIIL that will be your responsibility to pay.

$Meet with assistant coaches before the season to discuss league, school, and team policy procedures.

$Coaches in consultation with the school staff will be aware of students with special needs and follow appropriate procedures and processes.

$Attend the Athletic Director’s mandatory pre-season meeting where the following forms will be distributed and each form explained: assumption of risk, annual questionnaire, form for physical, eligibility
list, league schedule (if ready), Injury Fund reports, bus schedules, and tournament request form.

Meet with potential athletes two to four weeks prior to the beginning of the season. At this meeting, distribute all necessary athletic forms. Establish a list of athletes by grade. Give potential athletes the practice dates, the return date of athletic forms, and general team requirements. Coaches who are involved in fall sports should meet with athletes before the close of the school year preceding the fall season. All fall head coaches should contact the appropriate middle school(s) that may feed your particular high school’s program and have a day to sign up all interested incoming freshmen.

Bus request schedules for all levels of play must be handed in to your school’s equipment manager as soon as possible. Please pay particular attention to your departure time and make sure you list the actual location of your game as the destination (many teams play certain sports off campus). Remember, busses are more difficult to book in the fall and spring because many of the games are after school, causing us to use a private contractor. Most winter events occur after 3:30 p.m. which allows us to use our own busses. Extremely important: when the athletic department provides
transportation to an athletic event, all athletes are required to ride the bus to and from the contest. Only in rare circumstances can the head coach grant permission for an athlete not to ride the bus. In this particular case, a letter from a parent or guardian in advance of the contest must be in the coach’s hand prior to making a decision. This is certainly something that should not be encouraged and must be closely monitored.

$Junior varsity and freshmen schedules must be returned to the athletic director as soon as possible. The athletic director must place these schedules on the RIIL website and secure officials.

$Establish team goals and practice schedules.

$Determine the system of play at all levels.

$Assign responsibilities to assistant coaches including: locker room, field, gym, and weight room supervision. Your athletes should never be left unsupervised at any time.

$Arrange for fundraising if so desire. Check with principal for school policy (principal approval required).

$Determine weekend practice schedule; notify the Athletic Director so he/she can make the necessary arrangements with the custodial staff.
2. In Season Responsibilities:

Conduct tryouts in such a manner as to provide each athlete an equal opportunity to achieve a position on the team. Be sure you are able to justify your selections by using a scoring system you are comfortable with.

Prior to selecting your team, determine the eligibility of your athletes. You can ask to see their report card, you can check with Guidance, or you can ask the main office for an “Ineligibility List”. Never take the word of the athlete as being completely accurate.

After determining the eligibility of your players and after your team has been chosen, head coaches at Cranston East should submit an Eligibility List to a secretary in the main office at Cranston East, and coaches at Cranston West should submit their Eligibility Lists to the Athletic Director so it can be posted on the RIIL website. Remember, all Eligibility Lists MUST be posted on the RIIL website twenty-four hours prior to your first RIIL contest, including the Injury Fund Game. Failure to do so will result in a fine from the RIIL that will be your responsibility to pay if you did not have your Eligibility List in on time.
Have on hand at all times an “emergency call card” - a list of all your players along with all important contact numbers in the event of an injury of significance.

Comply with mandates set forth by the Student Handbook: e.g. attendance policy governing participation. Have one of your athletes stop by the main office daily for an attendance sheet and other necessary correspondence.

Cooperate with the sports media seeking interviews regarding team personnel, performance, etc. Bear in mind that statements are published and read by people for and against athletic programs; therefore, statements should be carefully weighed. The news media is not the proper channel for a coach’s criticism of officials, opposing players, etc.

Create a parent-athletic booster club if so desired.

When an athlete is hurt, the head coach must complete an “Injury Report Form” within twenty-four hours and send it to the Athletic Director. Please make sure all your athletes and their parents are aware of the benefits of the RIIL Injury Fund.

You are responsible for the level of play and conduct of all
athletes under your control.

$You are responsible for the supervision of assistant coaches in practice, games, and locker room areas.

$Pick up all necessary first aid equipment from your school’s equipment manager.

$Promote your sport by prompt and accurate reporting of scores to local media.

$Perform other duties as related to the assignment and as designated by the Athletic Director.

3. Post Season Responsibilities:

$In order for your stipend to be released, all uniforms, equipment, medical supplies, and keys must be handed in to your school’s equipment manager. Once this is done, the equipment manager will contact the Athletic Director to release your stipend.

$Submit your request for post-season athletic awards for your team to the Athletic Director at least two weeks prior to your end-of-the-season banquet.

$Please read your end-of-the-season evaluation carefully, answer all
questions, evaluate all your assistants (if applicable), have your assistant sign his evaluation, and return the full evaluation to the Athletic Director as soon as possible. If you or your assistant has any questions pertaining to the evaluation, contact the Athletic Director to set up a meeting to address all questions and concerns.

You are encouraged to attend clinics, symposiums, or seminars that will ultimately make you a better coach in your sport. Any costs must be paid by you or non-school sources.

Duties of the Assistant Coach

The assistant coach is directly responsible to the head coach of sport and to the program planned for that level of play.

1. General responsibilities:

Work with head coach in planning the program.

Understand league, school, team, student responsibilities to the sport and carry out these policies.
$Attend RIIL meetings when asked by the head coach.

$Attend staff meetings when called by the head coach.

$Assist the head coach in any duties assigned by him/her pertaining to the overall athletic program.

$In relation to junior varsity and freshman teams, assistant coaches will have the same responsibilities as listed for the head coach where applicable.

$In the absence of the head coach, the assistant coach shall assume all the responsibilities of the head coach.
Duties of Equipment Manager

1. At the beginning of each season, with the head coach in attendance, the Equipment Manager will pass out all necessary uniforms, equipment, medical supplies and keys (if necessary). An accurate account of what was handed out and to whom it was handed out to must be kept.

2. Prior to each season, a bus request for each sport (in triplicate form) must be handed in to the Office of the Director of Transportation at least two weeks prior to the first event.

3. During the season, the Equipment Manager must be readily available to any coach who may need additional uniforms, equipment or medical supplies.

4. At the end of each season, the head coach will return all uniforms, equipment, medical supplies and keys (if any were handed out) to the appropriate Equipment Manager. Once the Equipment Manager is satisfied that the head coach has fulfilled his/her obligations as stated in the Athletic Department Handbook the Equipment Manager will then compile a list for the Athletic Director of any outstanding issues.
5. Once the football season ends, all uniforms and equipment must be separated so that it can be picked up in a timely fashion to be cleaned and reconditioned.

6. The Equipment Manager at all times must maintain an accurate inventory of all uniforms, equipment and medical supplies to aid the Athletic Director in the budget process.

Volunteer Coaches

Anyone who would like to be considered for a volunteer coaching position must submit an application with Human Resources.

All volunteer coaching candidates must be certified coaches. A copy of their Rhode Island Coaching Certificate and CPR\AED\First Aid certification must be on file in Human Resources. The volunteer coach must complete the Rhode Island Interscholastic League
Fundamentals of Coaching & Concussion training.

All successful volunteer coaching candidates will be appointed by the Superintendent, subject to the “Volunteer Policy” and subject to the consent of the School Committee. A volunteer coach must always be accompanied by a paid coach.

The number of volunteer coaches will be limited as follows:

- Football: 7
- All varsity other sports: 3

Reappointment of Coaches

All coaches, assistant coaches, and volunteer coaches must be appointed by the Superintendent subject to the consent of the School Committee each year in order for them to continue in their roll as coach for the next season.

Cell Phone Usage and Recording Devices

All coaches, assistant coaches, faculty managers and volunteer coaches must comply with the school committee’s cell phone usage and recording device policy (#2526).
Code of Ethics: Sportsmanship

Sportsmanship is defined as that quality of responsible behavior characterized by the spirit of generosity and a genuine concern for the opponent.

The Cranston Athletic Department places the responsibility of sportsmanship on all those involved in the athletic program. The head coach will bear the greatest burden of this responsibility for sportsmanship. His/her influence on the attitudes and behavior of players, student body, and community establishes the mechanism for making sportsmanship a reality. The role the coach plays in developing the qualities of sportsmanship are demonstrated in the daily principles of coaching strategy and skill development. Nothing says more for a coach’s program than the attitude and sportsmanship values his/her team portrays to those around them.

The following recommendations are included:
Be a role model for those who follow you.

Teach honest effort.

Instruct the team in their responsibilities.

Discipline athletes when appropriate and revoke their participation if necessary.

Treat opponents and officials as guests.

Shake hands with opponents and officials after the contest.

Athletic Awards

An athletic award is a symbol of athletic accomplishment and good sportsmanship. The value of the award lies in the implication rather
than the monetary value. Each head coach should establish a general policy for athletic awards and follow this procedure to develop the athlete’s intrinsic sense of accomplishment.

1. General Recommendations and Policies:

$Standards of achievement should be required.

$Each coach will establish their own standards and make the athletes aware of these requirements.

$Accurate records should be kept by the coach regarding participation, sportsmanship, team records, and accomplishments of the athlete.

$Injuries should not exclude the student from receiving an award.

$As a coach, use your good judgment in giving awards - make sure the award means something to your team and to the total athletic program.

$Regardless of how many sports an athlete participates in, he/she will only receive one letter. After earning their letter, next they will earn their sport pin, and after the sport pin, the athlete can earn a bar. There are special bars available for the designation of capacity.

$Varsity squad members who do not meet award qualifications will
be awarded certificates of participation.

$Junior varsity and freshmen members will receive certificates.

17

First Aid Concerns

$The well being of the athlete is the first priority of the head coach.

$Do not do anymore than you have been trained to do in your First Aid/CPR/AED classes.

$Follow general first aid procedures.

$Call rescue when necessary or summon EMT, athletic trainer, or doctor when available. Make sure a coach is with the injured athlete.

$Call a parent. Do not allow the student to walk home unsupervised.

$Notify the Athletic Director immediately regarding a serious injury.

$Contact injured athlete and parents after the injury.

$File an Injury Report within twenty-four hours of the injury and send the report to the athletic director.

Revised Permit to Attend Non-Home School Policy

#5117(a)

Revised policy amendment proposed by School Committee Members: Michael Traficante, Trent and Assistant Superintendent Nota-Masse

Effective July 1, 2013-Effective July 1, 2014 and will replace Policy #5117

General Policy Statement

Over the past several years, requests for permits for children to attend schools not assigned to them by geography, also known as the “home school,” has increased greatly, and is especially prevalent at elementary schools. The Cranston School Department granted yearly permits to students so they may attend a school other than their home school. This practice which started as an exception based on courtesy has grown exponentially and has diverged from the original permit criteria.

Permit Criteria

Permits for a child to attend a school outside of their home school will be granted only under the following conditions:

1. Permit applications must be submitted to the Assistant
Superintendent by May 1 for the following school year. There is no guarantee of approval. Parents will be notified of permit decision by July 31 of that same year. Once approved, students do not have to reapply for a permit each year, however, their permit status is subject to this policy.

2. Documentation must accompany any request for a permit based on a medical condition and may be reviewed by the nursing supervisor for Cranston Public Schools, district physician for Cranston Public Schools and/or appropriate IEP or 504 team for consideration. Medical documentation must be presented and recertified each year.

3. The placement is required pursuant to an IEP or 504 Plan.

4. The student is interested in programming not offered in their home school (i.e. JROTC).

5. There are documented legal reasons why a child must attend a school outside of their home district (i.e. restraining orders, safety plans or custody agreements).

6. The student's sibling(s) attend(s) a school outside of his/her home school in the district for special service placements (i.e. ELL or special education) or due to clustering.

7. Permits not approved by the Assistant Superintendent (or his/her designee) may be appealed to the Cranston School Committee for approval. This appeal must be made in writing to the Chairperson of the Cranston School Committee by August 7 of that same year.

8. Beginning in the 2014-2015 school year, if allowing a permit student into a classroom would result in a classroom overage (additional stipend for the classroom teacher and financial cost to the
district), the permit will be denied and the student must return to his/her home school. If returning the student to his/her home school will cause a further educational/population disruption, placement will then be at the discretion of the Assistant Superintendent.

Policy Implementation Schedule
Any elementary student who is placed at a school outside of their home school due to lack of space/classroom over population, also known as “clustered” students, will be given the option to return to their home school –if space is available- or they may opt to stay in their current school.

Beginning in the 2013-2014 school year, students entering kindergarten and first grade must meet criteria set forth in Cranston School Committee Policy #5117. Students in grades 2-12 may be granted a permit to complete the 2013-2014 school year in their permitted school provided they do not have poor attendance, excessive tardiness, disciplinary problems, or for any other reason that may affect the educational process.

Beginning in the 2014-2015 school year, students entering kindergarten through grade 2 must meet criteria set forth in Cranston School Committee Policy #5117. Students in grades 3-12 may be granted a permit to complete the 2014-2015 school year in their permitted school provided they do not have poor attendance, excessive tardiness, disciplinary problems, or for any other reason
that may affect the educational process.

Beginning in the 2015-2016 school year, students entering kindergarten through grade 3 must meet criteria set forth in Cranston School Committee Policy #5117. Students in grades 4-12 may be granted a permit to complete the 2015-2016 school year in their permitted school provided they do not have poor attendance, excessive tardiness, disciplinary problems, or for any other reason that may affect the educational process.

Beginning in the 2016-2017 school year, students entering kindergarten through grade 4 must meet criteria set forth in Cranston School Committee Policy #5117. Students in grades 5-12 may be granted a permit to complete the 2016-2017 school year in their permitted school provided they do not have poor attendance, excessive tardiness, disciplinary problems, or for any other reason that may affect the educational process.

Beginning in the 2017-2018 school year, students entering kindergarten through grade 5 must meet criteria set forth in Cranston School Committee Policy #5117. Students in grades 6-12 may be granted a permit to complete the 2017-2018 school year in their permitted school provided they do not have poor attendance, excessive tardiness, disciplinary problems, or for any other reason that may affect the educational process.
Beginning in the 2018-2019 school year, every permit application for grades K-12 must meet the criteria in Policy #5117(a).
