The 2010 emphasis will be on Third Beach including:

a) Electrical- Tom O. will investigate cost and feasibility.

b) Kayak Rack

c) Small food concession

d) Beach Erosion- Town Beach

e) Beach Erosion- Peabody (Third) Beach

f) Lot improvements – Town and Navy Beach, Second Beach

g) Rock Shower- Permit process etc.

****members were asked to bring additional suggestions to the September meeting.**

New Business-

1- RV Parking- Third Beach- the committee voted to postpone a RV parking plan to the 2010 season. The lateness of the present season, plus possible complications with resident and boating parking were the primary reasons – Rian will forward a letter to the town administrator- Shawn Brown concerning this decision.

2- B. Fagan letter concerning lifeguard coverage between path #8 and the rock approximately 500 yards.

Tim reported that an additional lifeguard stand was placed to the east (left) of the rock. Also “no Swim” flags were placed along the beach. Additional walking and motorized patrols are scheduled. A more comprehensive plan will be implemented during the winter months.....
