Pending decision, board is asking for additional documents.

We would like know if we can get the NADA book value for the mobile homes for Mr. Irwin as requested in his court documents. We also are not sure if we can request these documents or not but we feel as a board, to make a fair decision, we would need the tax returns, rent roll and a 3 year profit and loss (actual) for Inland Western Middletown Brown's Lane and Middletown Associates, LLC. Please let me know if this is at all possible. Thanks again for all your help.
