A. Advisory Opinion to the Town Council for Parking or Storage of Commercial Vehicles in Residence Districts. PB '16-03

Town Council seeks an advisory opinion from the Planning Board on an ordinance amending section 340-33 of the Town of Johnston Code of Ordinances, 340-33 parking or storage of commercial vehicles in residence districts. In any residence district, the parking or storage of any commercial vehicles over 1 ton weight or capacity shall not be permitted except where such parking or storage is directly related to and is accessory to a permitted use or lawful nonconforming use on the premises.

J. Laurito opens for public.

David Santilli, Town Councilman, was dully sworn in. D. Santilli states that it has been a long time since this ordinance has been updated and suggests it should be adjusted to a ton. Our zoning Ordinance currently allows for $\frac{3}{4}$ of a ton. Trucks are bigger now and so the Town Council is seeking an advisory opinion from the Planning Board. He stated that Arnie Vecchione, Director Of public Works, suggested the limit be raised to one ton.

March 1, 2016

Ed Civito, acting Building Official, said testimony about his prior experiences and concerns. E. Civito stated that this could be a case by case situation. Trucks with advertisements, spot zoning, personal, work truck, and so on. There are many issues involving Diesel, starting trucks up early in the morning, fumes, noise, and so on. Most families with three or more vehicles have one truck. E. Civito suggested bringing in a public official from the police, Director of Public Works, and more research be done.

This matter will be continued to May 2016.
