CALL TO ORDER: The meeting began at approximately 3:00 PM.

NEW BUSINESS:

DISCUSS FUTURE BUILDING IMPROVEMENTS FOR THE TOWER HILL FIRE STATION: Discussion ensued among Building Committee members regarding future building improvements for the Tower Hill Fire Station. Mr. Aharonian suggested a ten foot (10') addition to the south side of the building to allow for a drive through station with two bays on the south side of the building. This proposed design would include the removal of the interior wall for the meeting room to add length to the apparatus bays and constructing a new meeting room with restrooms on the north side of the present building (presently an apparatus bay). Further discussions included raising the roof and or design changes to allow for fourteen (14') apparatus bay doors. Land constraints were discussed and this matter remains under consideration.

ADJOURNMENT: The meeting was adjourned at approximately 4:40 PM.

Respectfully submitted,
