

Buttonwoods Fire District Supervisors Open Meeting

July 18, 2006 @ Buttonwoods Casino

Called to order at 6:00PM

Attendees: Supervisors Judi Taton, Bob Remick, Ken Mason.

Sharon Fitzgerald and Joe Suffredini.

Tick Control treatments and notification requirements were discussed. Buttonwoods Ave and Point Area treatment consideration on hold till 2007 due to construction. If program is implemented it will follow the city's guidelines for application and notification.

Buttonwoods Ave trees (2) to be removed from Association property fronting Dawn's house . High estimate is \$1760 for both including stump grinding. Will proceed when we have 1-2 more estimates.

BV Security is requested to consolidate our "drive thru" dates into full evening gate coverage dates. 2 drive dates equal cost of 1 gate coverage. The value and impact if drive throughs was considered minimal and not cost effecient.

Ken Mason volunteered to act as the Casino Laison Represenative. Projects to readdress were casino rear door replacement, bench

repair, window screening and indoor light fixtures.

Buttonwoods entrance signs are to be either repaired but more likely replaced as they are developing weather, nail and staple cracks. Ken will contact a sign company with which he has had some experience.

The original company is not to be found.

Sharon Fitzgerald passed her vendor and minutes files to the new senior supervisor Judi Taton.

Meeting adjourned at 7:30PM
