## JOHNSTON ==> PUTNAM PK. U.S. 44

*Creation Date*  
**10/21/2016**

*Disposition*  
**Action Taken**

*Item Number*  
**41574**

Request from RIDOT for the installation of a traffic signal on Putnam Pike (Route 44) at the intersection with Dean Avenue/Pine Hill Avenue in Johnston.

*Comments:*

*Action Taken:* Steve Pristawa stated this item was submitted in from the Town of Johnston about a year ago for a crosswalk. A warrant analysis and traffic counts were done and a traffic signal does not meet Federal Guidelines. Steve also stated that a traffic signal would cause gaps at the intersection. Approximately 10 pedestrians cross along this stretch of Route 44. Joe Mancino of Johnston spoke and stated that he crosses Route 44 at the intersection of Dean Avenue/Pine Hill Avenue about 50% of the days in the year. He said walking and driving is very dangerous on Route 44 at Dean Avenue/Pine Hill Avenue. Steve Pristawa said the RIDOT Highway Safety Section was asked to check this intersection for safety, and it was noted that this intersection does not show up on the HSIP list. Chief Mello asked if the Valero location was just a convenient store and Mr. Mancino stated that it did sell gas at one point, and this stopped about a month or two ago, but said eventually will start selling gas again. Chief Mello suggested that Mr. Mancino speak with the Town of Johnston regarding sign issues on Dean Avenue and to have the Town of Johnston improve signage. Chief Mello also noted that there are 4 driveways to this one Valero location. Chief Mello also stated that if RIDOT were to reconstruct Route 44, to T-up this intersection. The STC approved signage and striping improvements, as well to extend white dashed lines on Route 44 at Dean Avenue.
