

HARBOR COMMISSION MEETING

Mooring Assignment Subcommittee

Wednesday, March 28, 2007 at 7:00 PM

Public Safety Building Conference Room

Agenda

1. Call meeting to order at 7:00 PM

2. The HM has referred to the MAS the request of Paul Blasbalg to obtain a Year of Grace for 2007 on mooring # 037 - Per Chapter 149-19

(4)If the mooring occupied is in a mooring field that has a waiting list as of April 1 of that season, then any failure to have the registered vessel occupy the mooring space for a minimum of 30 days during a season (effective with the 2006 season). However, if any registered owner wishes to retain the registered mooring space even though he/she cannot use it, he/she shall request permission of the HM on or before March 15 of the season in question, stating in writing the time span of the proposed nonuse and the reason(s) therefor. If such reasons are acceptable to the HM, he may offer to the mooring space assignee a year of grace and then offer that mooring space, for that season only, to an applicant from the appropriate waiting list who owns a vessel of appropriate size and type. This mooring space shall again be made available to the mooring space assignee for the following season, provided that he/she still meets the requirements of

those rules and regulations; otherwise the mooring space will be reassigned by the HM.

(see attached requesting letter)

3. Discussion on 2007 mooring application returns

4. Adjourn.

Re: Mooring Number 037

Ray,

This letter is to follow up on our previous conversations regarding the possible availability of my mooring to be rented to someone, preferably off the Waiting List, and me asking for a Year of Grace this season.

I have reached an agreement with David Isherwood. He currently has no where to put his boat, and would like to rent my Mooring tackle and space. I would like to request a Year of Grace, contingent on the following:

1) That you approve his boat to occupy my mooring space, and

2) That in the event that David Isherwood is assigned a permanent mooring space in the Harbor for this year, I be allowed to either revoke this request for a Year of Grace or in the event that either you or I find a suitable boat that needs a space, I be allowed to rent it to that owner for this season.

Sincerely,

Paul Blasbalg

cc. Jim McClelland

David Isherwood
