**Jim – thanks for your patience on this. The subcommittee, through Legal Counsel, has been working on this issue over the past several**

months and is prepared to move on it. A wrinkle just presented itself however in that the subcommittee chair will be unavailable for a couple of months due to a medical issue, so we anticipate that actual hearings will begin sometime this summer. Again, we're ready to move the issue forward but won't start the public process until later this summer.

Again, thanks for your patience on this. We too are looking forward to the (hopeful) outcome of this issue.
