Renewable Energy Resources Eligibility Applications – Review of the following applications. These applications have been pending for more than two years without approval based on an outstanding request from the Commission/its consultant for more information. The applicant has been contacted and in some instances, ownership has changed hands. Where that has occurred, the current owner has been contacted and advised to file a new Application. Therefore, the Commission may reject each of the following applications for lack of compliance with the RES application process. However, such a determination does not address the merits of the application nor does it preclude the applicant or the subsequent project owner from submitting a new Renewable Energy Resource application.

- 4045 - Green Mountain Power Corporation's application for certification of the Vergennes Hydroelectric Project Generation Unit. Application filed March 10, 2009.**
- 3995 - Golden Pond Hydro LLC's application for certification of the Golden Pond Hydro LLC Generation Unit. Application filed October 22, 2008.**
- 3862 – Conservation Services Group's application for certification of the Swans Falls Waste Vegetable Oil Generation Unit. Application filed March 17, 2007.**
