

SPECIAL BUILDING COMMITTEE MEETING ON SEPTEMBER 8TH

At our Annual meeting in June, initial funding was approved for The Lawrence Associates architectural firm to conduct a feasibility study concerning much-needed renovations to the Misquamicut District Fire Station.

As we agreed at that time, the results of that study and the proposed funding required to move forward, would be addressed at a Special Meeting for the Building Committee, as follows:

WHEN: Saturday, September 8, 2012

WHERE: Misquamicut Fire Station

65 Crandall Avenue

Westerly, RI 02891

TIME: 10:00 a.m.

We look forward to seeing you at this meeting. Thank you.

(Please be advised that this Special Meeting of the Building Committee will be devoted solely to the Fire Station feasibility study. All other District business can be discussed at any of our monthly meetings held on the 3rd Wednesday of each month.)
