

Tiverton Recreation Commission Meeting of November 21, 2006

I. Roll Call:

Theresa Burke, Jack Cooke, Gary Rose, Bob Martin, Phyllis Brower, Debbie Ebbitt, and Diana Toste. Ken DeCosta was also at meeting.

II. Diana Toste:

Diana will get on the school committee's agenda for the first January meeting to present possibilities for activities for adolescents during the summer recreation programs. Some of the ideas for programs include sewing, cooking, and community service.

III. Christmas tree lighting:

Bobby Martin will have lights on the tree outside town hall. Mona and Jim Carberry will provide the inside activities (refreshments, Santa, & gifts). Volunteers are needed for the characters with costumes. TRC members are asked to be at town hall at 3:30 to help with set up.

IV. Members of TRC will approach the Town Council at the November 27th meeting requesting funds for a survey of the Bulgarmarsh Rec. area.

V. Gary Rose reported perc pipes have been dug and sunk in the baseball diamond at Ft. Barton. The holes dug and pipes sticking out of the ground are a safety hazard to those (students at Ft. Barton

during recess) using the baseball field. Gary composed an email to Mr. Steckman expressing our concern and disappointment that the TRC was not informed of this action. The letter expressed the importance of communication between the building committee for the schools and the TRC so all Tiverton Recreation facilities/fields are available for use by Tiverton Youth.

VI. Bill McGeough is presently rehabbing all athletic fields in the town.

VII. The next meeting is planned for December 19th, at 7PM.
