1. Consent agenda

2. Review letter from Joseph McGovern requesting granting of certifications that should have been requested by his employer at the

time the current grandfathering provision was put into place.

3. Review reinstatement request submitted by Raymond Johnston, Providence Water Supply.

4. Discuss, what if any, policy should be put in place regarding work done by private contractors on distribution systems that are in the process of being constructed. (i.e. Small systems are especially susceptible to having substandard work done on infrastructure they will eventually be responsible for due to a lack of supervision requirement for work being done on parts of system that are neither delivering water nor are in a condition to deliver water.)

4. Other Business

The meeting place is accessible to the handicapped in conformance with RIGL 42-46-2. Individuals requesting interpreter services for the hearing impaired must notify the Board's Office at (401) 277-6867, 72 hours in advance of the meeting date.
