

The Governor's Blue Ribbon Panel on Transportation Funding will host the first of four public meetings in Lincoln. Governor Carcieri established the Blue Ribbon Panel on Transportation Funding to explore the State's current transportation funding structure.

After reviewing the State's transportation funding structure, funding needs, and future funding options, the Panel is now looking for public input and has scheduled four public meetings. Each will be held at 7 p.m., and will provide the general public the opportunity to voice their opinions on the State's current funding structure and offer suggestions for improvement.
